Preface

It's a matter of great pleasure for us to submit the Self Study Report of Mankar College for the second cycle of accreditation by NAAC. As on the earlier occasion we have once again tried to introspect seriously and assess our strength and weakness and get it evaluated by the accreditation authority of India.

As the consequence of a long and ardent struggle of the people of the locality to provide the children with an opportunity to cross the threshold of the world of higher education, Mankar College began its journey on the 26th of September, 1987, an auspicious day, by virtue of being the day on which the great educationist PanditI shwar Chandra Vidyasagar was born. The College was granted affiliation by the University of Burdwan. In its initial stage the college taught six Arts subjects for BA General Degree Course. Today, after more than a quarter century the College runs three streams, Arts, Commerce and Science, twelve honours and fifteen general course subjects. If Mankar College started to walk with sixty three students in a bamboo walled thatched roofed mud hut in a barren stretch of sun baked land, at present it has sprawling buildings in a clean and green campus. There are more than sixteen hundred students, one Principal, sixteen Full Time Teachers (including one away on lien), twenty-seven Part Time t Teachers, two Contractual Whole Time Teachers, twenty four Guest Teachers, and nineteen Non-Teaching employees.

The sources of income of the college are UGC grants, State Govt. grants and development fees received from the students. The resources are quite insufficient, yet the college is trying its best to keep pace with the ever-changing world of higher education. The college is trying its best to help the students of an area which is both economically and socially backward and has a huge number of first generation entrants in the arena of higher education.

From the 24th of June 2015 Mankar College has become an affiliated college of Kazi Nazrul University, as one of the first group of 17 colleges granted affiliation by this new university.

In the year 2009 the college was visited by the NAAC Peer Team on 28th, 29th and 30th July. Mankar College was accredited in category B with a CGPA of 2.21 on September 30. After six years, this is our attempt to be assessed and accredited for the second cycle by the premier assessment and accreditation council of India.

B. Executive Summary – The SWOC Analysis of the Institution

Mankar College is a general degree college established on 26th September 1987 in Mankar, a village in the district of Burdwan, West Bengal. It was affiliated to Burdwan University, Burdwan and over the years grew in stature and fame. But after 28 years when the Kazi Nazrul University

came into being, Mankar College has become one of the affiliated colleges of the same from June 24th, 2015 onwards.

Village Mankar has reasons to be proud of its heritage. Pandit Ishwar Chandra Vidyasagar established a Normal School here in the second half of the nineteenth century. But unfortunately around the fifth and sixth decades of the last century there was not much academic opportunity for the children of the locality. The lack of an institution of higher education terminated the hopes of many aspiring students, mostly of the girls, the economically deprived and the socially under privileged. Mankar College is the outcome of a long struggle of the people for a seat of higher education and it began with the formation of a trust in 1967.

Mankar College enjoys a convenient location. The college is 2km away from Mankar railway station in Bardhaman-Asansol section of Eastern Railway. The Mankar- Bhatkunda highway runs by the side of the college.

The college has a sprawling green campus of 9.81 acres. Academic and administrative work is carried on in a four-winged three storey building. At a small distance has come up the UGC Women's hostel ready to welcome boarders. To cope with the growing demand for increased workspace, soil testing has been done and plan estimates have been prepared for a new administrative and library complex.

Mankar College has been established to carry the light of higher education to a large rural area plagued by economic backwardness and inhabited by socially under privileged people, to those students a large portion of whom consists of first generation learners. It is the closest institution to provide the scope of higher education to the students of around fifteen feeder schools. The college has become successful in building an attitude of trust among the students of this locality and beyond by virtue of its dedication. The teachers are sincere and serious, and cultivate a

relationship of understanding and affection with the students who in their turn obey and respect them. In fact the ambience of good will is something the college is rightly proud of.

Mankar College began its journey with the permission to teach six subjects of BA two year General Degree Course. Today there are twelve Honours subjects of Arts, Commerce and Science streams along with fifteen combination subjects. It should be noted that from the 2015-16 session the college has introduced Santali Honours. The college has switched from manual to online admission process following the Govt. policy decision from 2015-16 session.

The process of admission has always been absolutely transparent and strictly according to merit. The prospective students were so long provided with a detailed Prospectus of the College, from this year the Prospectus has been provided online so that an interested student may have a comprehensive idea about the subjects and combinations on offer, the fee structure and all other pertinent information.

Regarding teaching-learning evaluation schedule it should be mentioned that attendance of the students in classes is strictly monitored. Any student not having the requisite percentage is not allowed to seat at the Test examinations. The teachers prepare the students through dedicated and serious teaching in the class rooms, personal interaction and guidance beyond class hours.

The students on their part also contribute to the development of the college. The feedback received from the outgoing students help the college to identify its drawbacks and strengths.

After the change of affiliation, the first year students of Mankar College now follow the syllabus of Kazi Nazrul University while the students of second and third year follow the syllabus of Burdwan University. The syllabus is framed by the affiliating University, however, the teachers of the college make their contribution to the process when they are invited to Board of Studies meetings or to the workshops held for the purpose.

The teachers of Mankar College have been able to establish the college as a premier institution of Burdwan University and hope to do so in the present University also. Apart from being serious teachers in the class most of them are engaged in individual research for Ph.D degree or UGC Minor Research Projects. Three of them are research guides. Four of them are Board of Studies members.

The non-teaching employees of the college provide the backbone of the institution by their dedication and efficiency. They always deal with the children with affection and care. Most of them are ICT literate and because of that the college could afford to computerise the office. Their efficiency goes a long way to strengthen the hands of the college administration to ensure the progress of the college.

The college library is in a semi-automated stge. The stock is digitised and soon the students will be in a position to e-search books from home. The college is a member of INFLIBNET and soon the benefit of it will be available to students as well.

Mankar College is the product of a long cherished dream of the people of Mankar and its adjoining villages. All the members of the institution consider it a mandatory obligation to nurture that dream and maintain a cordial relationship with the people of the locality. Apart from the teaching learning process the extension activities carried out by the NSS and the NCC units make the bond stronger.

Strength

- Results of the College in the University examinations over the years have remained satisfactory.
 - Student enrolment in the College has been steady inspite of the establishment of new colleges in the neighbouring areas.
 - Disciplined and well-mannered students.
 - Dedicated and well-qualified Teaching Staff.
 - 4 teachers are members of Undergraduate Board of Studies.
-

- Growing involvement in research
- Growing use of ICT
- Efficient and sincere Non-Teaching Staff
- Enthusiastic and accommodating administrative head
- Developing infrastructure
- A sprawling green campus
- Cordial relationship among the stakeholders

Weakness

- Absence of adequate number of Full Time faculties, though twelve sanctioned posts of Full Time Teachers are lying vacant.
- Inability to appoint Part Time Teachers because of Govt. rules.
- Dependence on temporary Guest Teachers who suffer from a sense of insecurity.
- Absence of adequate number of Non- Teaching staff
- Absence of sufficient number of class rooms
- Absence of a well-equipped gymnasium for physical education
- Lack of adequate space in the Laboratories.
- Lack of adequate space in the Library.
- Not organizing seminars frequently.

Opportunities :

- Introducing job oriented courses
- Enriching the stock of the library in terms of both books and journals
- Increased utilization of ICT
- Judicial utilization of the available vacant space for infrastructural development
- Increased initiative for organizing seminars
- More involvement in research

Challenges :

- To arrange accommodation for the increasing number of students.
-

- To arrange building grants from different sources other than the govt.
- To build new class rooms
- To provide more space for the development of the laboratories
- To provide individual space for the departments
- To develop a well-equipped gymnasium.
- To construct a fully furnished auditorium for seminars, conferences and cultural programmes.
- To provide economic assistance to children coming from economically challenged families.
- To provide subsidized food at the college canteen
- To arrange conveyance for the students
- To maintain the reputation of the institution.

CRITERION-I

1. Criterion 1 : Curricular Aspects

1.1 Curriculum Planning and Implementation

1.1.1 State the Vision, mission and objectives of the institution and describe how these are communicated to the students, teachers, staff and other stakeholders.

The vision of Mankar college is to generate intellectual and social consciousness.

The mission of the college is to carry the light of higher education to a large rural area plagued by economic backwardness and inhabited by socially underprivileged people and by first generation learners.

The prime objective of Mankar College has always been to establish itself as an institution that is serious about its classes, attendance, examinations, manners and discipline --the basic requirements that can mould a young boy or girl into a good human being. Over the years the college has served thousands of students belonging to all different strata of the society, many of whom pertaining to the traditionally neglected section.

The vision mission and objectives of the institution have been communicated to the students during all these years through the Prospectus and Orientation speeches by the head of the institution at programmes like Freshers' Welcome , and most consistently through constant contact with teachers.

These are communicated to the teachers, non-teaching staff and parents through inter-active sessions and meetings.

1.1.2 How does the institution develop and deploy action plans for effective implementation of the curriculum? Give details of the process and substantiate through specific example(s).

To disseminate educational facilities to the society, the college at present offers options to the students to opt for one Honours subject and two General combination subjects from any one of the 12 honours subjects and 15 General subjects on offer.

The subjects available for BA, BSc and B Com streams are :

B.A

Every year before the commencement of the academic session the Teachers' Council frames a detailed Class Routine for each of the Arts, Science and Commerce disciplines. Purging of any shortcomings of the routine for the last academic session and the inclusion of any new developments are essential features of a new routine. Each department of the College follows the routine set by the Teachers' Council and this helps both the students and the administration to have a clear idea of the academic activities of the college at any time of a given day. Each department of the college distributes classes as per the routine to its teachers so that the syllabus can be properly dealt with.

The college library is replenished with new books every year to cope with the changes in the syllabi effected by the University or/and to upgrade the existing stock in any subject in the interest of the students and teachers. There is also a very small seminar library being made operative so that the different departments will be in a position to lend books to their honours students at a smaller scale.

There are enough computers and allied facilities available now in the college for the teaching learning process to be carried on in a fruitful manner. Broadband facility is now available in the laboratories, library and office. It has to be noted here that unrestricted broadband facility is not available to all the students at present. The UGC Network lab is the place where the students can access internet for academic purposes under the supervision of the teachers.

The college library now runs a partially automated system, catalogue has been digitised and the students are provided with OPAC search facility. It hopes to web e-host the bibliographical data base soon and thus enable the students to access it even from home.

The college also has INFLIBNET connectivity since 2011.

The college office is computerised and is interconnected with LAN making the different components of the office organically united and making it possible for the administration to have

a comprehensive overview of the affairs of the office. The records can be retrieved effortlessly to address any academic or administrative situation.

To prepare the students for the University examinations the different teaching departments of the college hold class tests, give assignments to the students as and when they feel necessary and the college holds a selection test before sending up students for Part I, Part II and Part III examinations every year. Only the students with requisite percentage of attendance are allowed to appear at the Test examinations and only the students who secure the requisite percentage of marks are allowed to appear at the University examinations.

Thus the students feel confident of themselves when they appear at the final examinations conducted by the University.

1.1.3 : What type of support (procedural and practical) do the teachers receive (from the University and /or institution) effectively translating the curriculum and improving teaching practices?

The university provides the teachers with the syllabus and academic calendar and sometimes seminars and workshops. The college helps the teachers with a detailed class routine and an academic diary. It also arranges the examinations. The college provides the infrastructure like modern items of equipment and software and books to help the teachers to effectively translate the curriculum and improve the teaching practices. To enhance the quality of a teacher the college authority permits him or her to participate in Orientation Programmes, Refresher Courses, seminars, workshops and so on.

1.1.4 Specify the initiatives taken up or contribution made by the institution for effective curriculum delivery and transaction on the curriculum provided by the affiliating University or other statutory agency.

For effective curriculum delivery each department distributes the syllabus among its teachers so that no part of the syllabus is left unattended in the class room. The college authority procures new books for the library at the recommendation of the different departments whenever a change in curriculum takes place. The teachers often participate in seminars organized at other institutions on topics of relevance to

the students and the syllabus. Classes are held as per routine and attendance in the classes is strictly taken care of.

1.1.5 How does the institution network and interact with beneficiaries such as industry, research bodies and the University in effective operationalisation of the curriculum?

The institution does not have a network with industry as it is an under graduate college dealing with a curriculum not contributing to the industry.

The network of this under graduate institution with research bodies if any is maintained through the teachers.

The institution maintains a close network with the affiliating university to be aware of the vision of the university regarding the curriculum, the changes being contemplated and implemented, the methods of evaluation and so on.

1.1.6 What are the contributions of the institution and/or its staff members to the development of the curriculum by the University? (Number of staff members/departments represented on the Board of studies, student feedback, teacher feedback, stakeholder feedback provided, specific suggestions etc.)

When the affiliating university decides to frame a new syllabus replacing an existing one the members of the institution have a very limited scope of making a contribution. A handful of teachers have been members of the University Board of Studies at different points of time and could thus become a part of the process. At present Dr. Bithika Mandal, Dept. of Bengali, Dr. KusumRai, Dept. of Hindi, Dr.ParthaPratimBandyopadhyay, Dept. of Political Science and Prof. Amitava Bondyopadhyay, Dept. of Computer Science are members of the respective Under Graduate Board of Studies of KaziNazrul University.

** If there is a syllabus workshop organized by the university the teachers do participate in them and offer their suggestions.

** Feedback from the third year students is taken on their perception of the teaching learning process.

**Feedback from teachers based on their everyday experience are communicated to the university in workshops and meetings.

1.1.7 Does the institution develop curriculum for any of the course offered (other than those under the purview of the affiliating University)? By it? If 'Yes' give details on the process (Needs Assessment, design, development and planning) and the course for which the curriculum has been developed.

No

1.1.8 How does institution analyse/ensure that the stated objectives of curriculum are achieved in the course of implementation?

The stated objectives of the curriculum can be said to have been achieved only if they can be communicated to the students and help the students to prepare well for the examinations in the short run and to become successful in life in the long run. The problems faced during translating the syllabi into practice are brought up before the curriculum framing authorities.

Student Progression

- ❖ Some salient features of student progression can be marked as follows :
 - a. The performance of the students at the three year degree BA / BSc / BCom final Examinations have been satisfactory uniformly over the years and normally better than the average result of the university for any given year..
 - b. Quite a few students secure first class marks at the final examination in different subjects.
 - c. **Ranks** in BA /BSc/ BCom three year degree final examination.
 - i. RupeshwariBandyopadhyay ranked 1stClass 1stin Computer Science Honours in the year 2010.
 - ii. SrutiKumarirankedIst Class 6th In Hindi Honours in the year 2010.
 - iii. MoumitaAdhikari ranked 1st Class 4th in English Honours in the year 2011.
 - iv. SamaptiBandyopadhyay ranked 1st Class 8th in Computer Science Honours in the year 2012.
 - v. AnupamaRudraranked 1st Class 9th in ComputerScienceHonours in the year 2013.
 - d. Students graduating from the college proceed for Post Graduate studies at the affiliating university or other universities. It is to be noted here that affected by the paucity of seats in the regular course many of them have to pursue master's degree through correspondence course.
 - e. A few students are registered with the University of Burdwan as candidates for Ph.D. degree.
 - f. At least one student has been appointed as Assistant Professor on the recommendation of the West Bengal College Service Commission.
 - g. Many students of different departments have been recruited by the West Bengal School Service Commission as assistant teachers.
 - h. A good number of students have been recruited by the Indian armed forces and the police.
 - i. Many students have gone on to become successful professionals in the IT industry within India and abroad.
 - j. Quite a few students have completed MBA and such professional degrees.
-

1.2 Academic Flexibility

1.2.1 Specifying the goals and objectives. Give details of the certificate/diploma/skill development courses etc offered by the institution :

The institution does not offer any certificate/diploma/skill development courses of its own.

1.2.2 Does the institution offer programmes that facilitate twinning/dual degree? If 'Yes', give details.

No.

1.2.3 Give details on the various institutional provisions with reference to academic flexibility and how it has been helpful to students in terms of skills development, academic mobility, progression to higher studies and improved potential for employability :

- Range of core/Elective options offered by the University and those opted by the college.:

The college obeys the guidelines of the University and offers Core / Elective options accordingly. A student is given three options to change his chosen honours subject at the time of admission. Elective options or combination subjects for the General Course can be changed once before the enrolment of a student subject to the availability of seats in the desired subject.

- Choice based credit system and range of subject options:

This is not permitted by the University rules.

- Courses offered in modular form:

This is also not practiced by the university.

- Credit transfer and accumulation facilities:
-

Not permissible as per University rules.

- Lateral and various mobility within and across programs and courses:

Limited mobility is granted within and across programmes and courses for a short period of time before the student's enrolment or registration as a student of a particular course of the University. But no credit transfer across courses and programs is possible.

- 1.2.4 Does the institution offer self-financed programmes? If 'Yes' list them and indicate how they differ from other programmes, with reference to admission curriculum, fee stratum, teacher qualification, salary etc.**

No, the institution does not offer any self-financed programme..

- 1.2.5 Does the college provide additional skill-oriented programmes, relevant to regional and global employment markets? If 'Yes' provide details of such programme and the beneficiaries.**

No, the college does not provide additional skill-oriented programmes, relevant to regional and global employment markets.

The college continued aUGC sponsored career counselling cell for the students till December 2013, to give them an idea of the employment options open for them. At present seminars and interactions with different concerns for this purpose are held now and then.

- 1.2.6 Does the University Provide for the flexibility of combining the connectional face-to-face and Distance Mode of Education for students to choose the course/combination of their choice. If 'Yes', how does the institution take advantage of such provision for the benefit of students?**

No. Teaching in the institution is intimate actual learner-centric.

1.3 Curriculum Enrichment

- 1.3.1 Describe the efforts made by the institution to supplement the University's curriculum to ensure that the academic programs and institution's goals and objectives are integrated?**

The vision of the college is to carry the light of education to the under privileged rural people suffering from both economic and social backwardness. The

University's curriculum is a means to serve this vision of the college. But at the same time the college always undertakes all possible measures to create a conducive atmosphere where a student, along with his/ her academic activities, may learn discipline and the fundamental values of life to become a good human being. The teaching methodology with personal level interaction adapts the syllabus to the goals of the institution

The NCC and the NSS teach him or her that a responsible social being is not selfish but is friendly and cooperative. The concept of ICT makes the student at home with the demands of the modern technology dominated world.

The amount of exposure received by students from seminars, exhibition stalls and library facilities widens their horizons beyond the syllabus.

1.3.2 What are the efforts made by the institution to modify, enrich and organize the curriculum to explicitly reflect the experiences of the students and cater to needs of the dynamic employment market?

The College has to follow the curriculum set by the University and has no practical opportunity to modify, enrich and organize the curriculum to explicitly reflect the experiences of the students and cater to needs of the dynamic employment market. It is to be mentioned here that all students of an under-graduate college may not have to face the employment market immediately as they can also go for higher education. However, keeping in mind the interest of the students the institution seriously tries to create a sound base in terms of seriousness, discipline and value-added teaching learning process. The career counselling cell tries to make the students aware of different opportunities that exist for them. The presentations made by the representatives from the employment sector help the students to relate their course material to market needs. It may not be beside the point to add that NCC trains the students and makes them eligible for recruitment by the armed forces.

1.3.3 Enumerate the efforts made by the institution to integrate the cross cutting issues such as Gender, Climate Change, Environmental Education, Human Rights, ICT etc. into the curriculum.

The curriculum is designed by the University, so the institution cannot integrate the cross-cutting issues referred to here in the curriculum. However, the institution takes care that there should be no gender discrimination of any sort in the campus. Such a practice creates a healthy attitude among the young learners. There is a weather station in the college which can be monitored and records maintained. Again issues like Climate change, Environmental Education are to a large extent addressed by Environmental Studies, a compulsory paper for all third year students where they have to submit a project work as a mandatory effort. The Political Science syllabus includes wide exposure to the Study of HumanRights.ICT is integrated in the curriculum and in the teaching learning process of many departments. Computer Science department has to use ICT, department of Geography has been using satellite imaging for a long period of time—at present they deal with digital image processing and digital image interpretation, they also use GPS technology among others, department of English makes use of power point and audio-visual presentations. The other departments, like Mathematics honours and Accountancy honours also make use of ICT in various degrees.

1.3.4 What are the various value-added courses/enrichment programmes offered to ensure holistic development of students?

- a. In everyday teaching learning process the students are explicitly or implicitly made conscious of the need of values in life.
 - b. NSS through its extension activities related to community orientation generates and nurtures value education.
 - c. NCC teaches discipline and builds self-confidence and social consciousness.
 - d. Remedialclasses enhance the confidence of comparatively weaker students.
 - e. Organization of seminars, cultural functions, sports programmes, and exhibition stalls etc. offer the students space for training.
 - f. Physical Education as a subject helps create not only a sound body in a sound mind but also an alternate career option.
-

1.3.5 Cite a few examples in enumerating on the extent of use of the feedback from stakeholders in enriching the curriculum

There is no formal feedback system for stakeholders for specifically enriching the curriculum in deference to the norms of the affiliating University.

However, the College holds regular interactive parent-teacher-ward meets to discuss problems related to the attendance of a student. After Test examinations every year such meetings are held to discuss areas of concern regarding the performance of the student and to collectively resolve the arising problems. This practice is followed for the students of every class.

The institution maintains a very caring and affectionate relationship with the students, which makes the students feel at ease. They come out with their problems, individual and personal, standing in the way of their development. It becomes easy for the authority to help and guide them in such situations.

The Disciplinary Committee of the College responds to any report on the students' conduct and performance and immediately takes measures to address the problem.

1.3.6 How does the institution monitor and evaluate the quality of its enrichment programmes?

The teachers, particularly of the honours teaching departments, are personally acquainted with each student of the department and are especially watchful when the student is challenged in anyway.

The IQAC is always sensitive to the various programmes running in the College and ready with suggestions of improvement.

The Grievance Redressal Cell takes immediate steps to address the grievances of the students, if any.

NSS, NCC and other outreach programmes and community activities like *Saraswati Puja*, and Hindi DivasPakhwara, Departmental Project works etc. provide opportunity to monitor the quality of enrichment programmes.

1.4 Feedback System

1.4.1 What are the contributions of the institution in the design and development of the curriculum prepared by the University?

The contribution of the institution in the design and development of the curriculum prepared by the University is limited. This limited contribution is made by the teachers who have been members of the Board of Studies in different subjects at different times. Contribution is also made by the teachers by taking part in the syllabus related workshops if and when arranged by the university.

1.4.2 Is there a formal mechanism to obtain feedback from the students and stakeholders on curriculum? If 'Yes' how is it communicated to the University and made use internally for curriculum enrichment and introducing changes/new programmes?

The college receives formal feedback from the outgoing students every year and informally from the existing students all through the year round and the gist of the feedback is passed on to the university through the representatives of the college in the board of studies or at the workshops organized by the university.

1.4.3 How many new programmes/courses were introduced by the institution during the last four years? What was the rationale for introducing new courses/programmes?

The institution introduced the following new subjects in the discipline of Arts during the last four years :

Years	Subjects introduced
2013-14	Physical Education (General)
2015-16	Santali (Honours)

The college considers that Physical Education is a subject which offers a very welcome variety to the combination of subjects offered normally by a college. At the same time it can open new avenues to the rural students coming from poor and backward classes. Honours in Santali has been introduced to serve the good number of Santali students for whom an Honours degree in Santali will go a long way to become established in life. It should be mentioned here that the permission for Santali Honours arrived rather late and so the response received this year was not encouraging.

The college also had introduced the following UGC-Sponsored programmes :
Remedial classes for the students belonging to the backward and minority communities.

Career Counseling Cell to expose the students to different career options open for them, both the programmes worked successfully till December 2013. Since then as the grant was not renewed the remedial classes closed and the career counselling survived as occasional visits by companies to hold inter-actions and seminars.

CRITERION-II

2. CRITERION-II : TEACHING –LEARNING AND EVALUATION

2.1 Student Enrolment and Practice

2.1.1 : How does the college ensure publicity and transparency in the admission process?

Every year the notice for admission is displayed in the college notice boards and also the college web site. The admission process begins just after the publication of the 10+2 results of West Bengal Higher Secondary Council. From the session 2015-16 as per the decision of the Govt. of West Bengal the whole process of admission is conducted online. The registered students can revise and rectify the data submitted. The merit list is published on the web-site. The students are admitted strictly according to the published merit list. Admitted students get three chances to choose their preferred Honours subjects. Absolute transparency is maintained in the process as all the stages in the admission process are displayed for the stakeholders to see. A dedicated team of teachers and non-teaching staff helps the students during the process.

2.1.2 Explain in detail the criteria adopted and process of admission (Ex. (i.) merit (ii.) common admission test conducted by state and national agencies (iii.) Combination of both and (iv.) Any other) to various programme of the institution.

The criteria adopted for the process of admission is merit. Merit list is created by taking into account all the applications submitted for an honours subject. The eligibility of a student to apply for an honours course is determined as per the university rules. The number of seats available for admission is determined by the university. The college admits students as per the merit list till vacancy ceases. The reservation policy of the Government for student admission is strictly maintained. The students are admitted till the last date fixed by the affiliating University which is generally sixty days from the date of publication of +2 results.

2.1.3 Give the minimum and maximum percentage of marks for admission at entry level for each of the programmes offered by the colleges and provide a comparison with other colleges of the affiliating University within the city/district.

Maximum and Minimum percentage of marks for admission at entry level in our college in 2015-16.

A comparison of the two adjoining colleges Michael Madhusudan Memorial College, Durgapur, an urban college and Mankar College, a rural college shows that in spite of the locational disadvantage Mankar College receives students of identical merit. The reason behind this is the reputation built over the years.

2.1.4 Is there any mechanism in the institution review the admission

2.1.5 process and student profiles annually? If 'yes' what is the outcome of such an effort and how it contributed to the improvement of the process?

The admission committee of the college comprising teaching and non-teaching members conducts the whole admission process and reviews it simultaneously so that the process continues smoothly and the students do not have to face any problem.

Once the admission process is over, an exhaustive data base is prepared regarding the admitted students.

The effort helps the institution to detect if any mistake has been made inadvertently and take measures to prevent the possibility of its being repeated in the next year.

2.1.6 Reflecting on the strategies adopted to increase/improve access for following categories of students, enumerate on how the admission policy of the institution and its student profiles demonstrate/reflect the National Commitment to diversity and inclusion.

The seat matrix for admission supplied by the affiliating university and published by the college strictly follows the reservation policy of the Government of West Bengal. GO No. ED-437/2014 dt. 02.04.2014 which directs the colleges to implement the total percentage of reservation i.r.o the Scheduled Castes (22%), the Scheduled Tribes (6%), the Other Backward Classes Category "A" (10%) and the Other Backward Classes Category "B" (7%).

3% of each category is reserved for PWD category.

Thus the strategy adopted by Mankar College offers the chance of admission to all the different categories of applicants and naturally it reflects the National Commitment to diversity and inclusion.

Unfilled seats earmarked for reserved categories of students are not diverted and they can take admission till the prescribed last date for admission.

In the academic year 2015-16, 247 of the 552 students admitted belong to the reserved categories.

2.1.7 Provide the following details for various programmes offered by the institution during the last four years and comment on the trends i.e., reasons for increase/decrease and action initiated for improvement :

A review of admission process has been made in the admission committee. The demand for different subjects is satisfactory considering the fact that the Govt. has been increasing the number of seats in all subjects at the rate of 10% for the past few years and new colleges are being set up at close distances.

2.2 Catering to Diverse Need of Students

2.2.1 How does the institution cater to the needs of differently abled students and ensure adherence to Government policies in this regard?

The College tries to carry out its social responsibility towards the differently abled students as best as it can.

At the time of admission the Government policy of reserving 3% of seats of each category for them is observed.

As it stands now, the college has only one PWD student in 3rd year who does not have any problem of movement.

If there is a PWD candidate appearing in any examination, special sitting arrangement is made for them in the ground floor.

As per the rules of the university they are allowed to have extra time during examinations. A writer is allowed as per rule to the visually challenged students.

The college also takes care to help the PWD students to receive financial assistance from Government sources. Such students are granted all possible financial relief by the institution.

2.2.2 Does the institution assess the students' needs in terms of knowledge and skills before the commencement of the Programme? If 'yes', give details on the process.

It is a fact that the college has to work within severe constraints regarding availability of subjects and combinations to offer still it tries to offer as much variety as possible to a student who applies for admission.

For BA Honours course, four / three groups of combination subjects are offered to each honours student of which they are to choose any two suitable to them.

For BA General course also there are four groups and a student has to opt for three subjects out of 15 on offer.

It has to be admitted for Science and Commerce students the option for choice is limited.

The admission sub-committee and the academic sub-committee of the college reviews the situation before admission begins every year and makes necessary changes for the benefit of the students.

Generally as per the University rules and guidelines 45% of marks in best five subjects including two language papers is the eligibility for applying for an honours subject. For General course pass marks in the qualifying examinations are considered.

To offer diversity of option to the students of general course, Physical Education is introduced as a combination subject, students who are physically fit and have interest and efficiency in sports get a chance to pursue here a subject of their choice.

2.2.3 What are the strategies drawn and deployed by the institution to bridge the knowledge gap of the enrolled students to enable them to cope with the programme of their choice? (Bridge/Remedial/Add-on/Enrichment courses etc.)

- The college arranged remedial coaching classes sponsored by the UGC for students belonging to the backward classes and minority communities up to Dec 2013. After the closure of the sponsored programme the weaker students are helped by the teachers.
- Taking extra classes and being available to the students whenever they need is the best strategy employed.

2.2.4 How does the college sensitize its staff and students on issues such as gender, inclusion environment etc.

Being a rural co-educational college where students from a diverse socio-economic background come, the college has to be ever alert about issues of gender and inclusion environment. It can be claimed without any hesitation that the environment in the college campus is one of harmonious co-existence.

The college administration, the teachers and the non-teaching members of the college together have maintained an atmosphere of safety and security for all these years and hope to continue the legacy in the future.

The college has grievance redressal cell, cell for the prevention of sexual harassment, anti-ragging cell and disciplinary cell to address any untoward incident which is very very rare.

2.2.5 How does the institution identify and respond to special educational learning needs of advanced learners.

Advanced learners can be identified by the teachers from the interaction in the class rooms and then from the performance of the students in the Test examination. The Teachers' Council discusses the performance of the students in the different examinations and makes suggestions.

The advanced learners are given personal care and attention by the teachers. They are provided with information about books and study materials available in the library or given material from the personal collection. They are helped with a better way of approaching a problem. They are provided with additional hours in the practical classes.

2.2.6 How does the institute collect, analyze and use the data and information on the academic performance (through the programme duration) of the students at risk of drop-out (students from the

disadvantaged sections of society, physically challenged, slow leaguers, economically weak sections etc.)?

The primary data is collected at the time of admission itself and after that by accumulating and analysing the responses of the students to the notices published regularly.

To help the students continue their studies and to prevent them from dropping out the college generally takes the following steps

- i. Remedial coaching classes are arranged
- ii. Extra classes are taken by the teachers besides the classes allotted in the routine
- iii. Poor students are helped financially by waiving of tuition fees.
- iv. They are also helped from the Student welfare fund

2.3 Teaching-Learning Process

2.3.1 How does the college plan and organize the teaching, learning and evaluation schedules? (Academic calendar, teaching plan, evaluation blue-print).

The college has a well-established practice to plan and organize the teaching, learning and evaluation schedule.

- It brings out an academic diary following the academic calendar published by the affiliating University.
 - The academic diary is distributed to each student, teacher and staff.
 - The Routine sub-committee framed by the Teachers' Council prepares the detailed class routine for all the departments of all streams every year.
-

- Every department distributes the syllabus among its teachers and assigns specific portion to specific teachers so that the whole syllabus is dealt with elaborately.
- To help the students' conception and power of expression the departments organize student seminar, debate and such other programmes.
- For the purpose of continuous evaluation the departments arrange class tests regularly. It also helps the students to prepare themselves before the selection Test held by the college before the university examinations.
- The whole time teachers are encouraged to join Orientation Programme and Refresher Course, the benefit of the exposure received by the teachers during these courses are passed on to the students.

The following diagram reflects more above teaching learning process.
holding seminar lectures delivered by the students

i. Faculties :the following facts must be noted about the quality of the teaching faculty of Mankar College:

- All the teachers of the college possess the requisite qualification. The college is rightly proud of their sense of seriousness, ability and dedication.
 - They arrange remedial classes for backward students.
 - Information and Communication Technology (ICT) is used by many departments to make the class more informative and interesting.
 - Many of the teachers are engaged in serious research in their fields. Eight UGC sponsored Minor Research Projects are running in the college at present. Most of the faculties have undergone their required number of Refresher Courses and Orientation Programmes.
-

- Seven of the permanent faculties of the college possess Ph.D degree. Six more are registered with different universities as candidates for Ph. D. degree in different subjects.
- The Department of Hindi, Mankar College organized a UGC sponsored National seminar in collaboration with the department of Hindi, Michael Madhusudan Memorial College, Durgapur. On another occasion the Department of Political Science, Mankar College organized a UGC sponsored National seminar in collaboration with the department of Political Science, Michael Madhusudan Memorial College, Durgapur. The organization of such seminars have contributed much to the maintenance of a truly academic environment in the college campus.

ii. Students as stakeholders receive quality teaching . The percentage of attendance in the classes is very strictly monitored from the initial days of the college. The college library remains open for them six days a week. They can use library OPAC using SOUL 2.0.

- Students can improve their knowledge by attending departmental seminars.
- The department of Geography arranges annual excursion and field trips for their students through which provides exposure to the world beyond the college.
- Extension activities organized by both NSS and NCC units of the college develop a sense of self-confidence and social responsibility.
- Feedback from the students provides valuable input about the ongoing teaching process on the basis of which the faculties can recast their teaching method.

iii. Other Stakeholders like guardians are also appealed to meet the college authority when it is required by a department noticing poor

attendance and performance of their students. After test examinations, the college asks the guardians of all the students whose performance was not satisfactory. The interaction with the guardians help both the students and obviously the college.

iv. The University plays a pivotal role in the academic arena for its affiliating colleges. The entire examination system is prescribed and conducted by the controller of Examinations, the University of Burdwan, the earlier affiliating university and KaziNazrul University, the new affiliating University. The result of the final examination provides the feedback on the quality of performance from the University. The college always abides by the rules and regulations regarding teaching-learning procedure framed by the University.

- The college provides updated information in the form of API format downloaded from the UGC website and supplied to the teachers during the time of their promotion/grade pay revision. Through it, an academic audit about the faculties is also completed.

2.3.2 How does IQAC contribute to improve the teaching-learning process?

- IQAC of the college also emphasizes the use of ICT in delivering regular class lectures. For that purpose the cell proposed that the class room teaching should be improved with some audio-visual teaching aids such as power point and over head projection etc. As per IQAC proposal some departments use power point technology in regular classes.
 - IQAC also proposes to introduce job training courses and career counseling cell. After the closing down of the UGC sponsored Career counseling cells the College is taking steps for fresh implementation of such schemes.
 - Some seminars are organized in order to make the students aware of the career possibilities and current job-market and trends in employment opportunities.
-

2.3.3 How is learning made more student centric? Give details on the support structures and systems available for teachers to develop skills like interactive learning, collaborative learning and independent learning among the students?

- Teachers can make use of the internet in the UGC NET-Lab to develop their knowledge and skill. internet room attached to library for free net surfing.
- Students , mainly from Computer Science Honours also can visit the NET-Lab.
- Internet connection is also available in the Library and the AV Room.
- The practice of arranging students' seminar helps to improve the conception of the students and develops their power of expression and is an example interactive learning, collaborative learning and independent learning.

2.3.4 How does the institution nurture critical thinking creativity and scientific temper among the students to transform them into life-long learners and innovations?

- The students can showcase their critical thinking creativity and scientific temper in the seminars in which they participate in their respective departments.
 - It can also be nurtured in the college's annual social function '*Lahari*' where they can perform , sing or dance on the stage before a large audience. Again, on this occasion several departmental stalls are set up. Models, charts, writings, maps, on a variety of interesting issues, for example from iconoclasm to open source, are presented by the students. Keen interest and great enthusiasm are easy to discern and appreciate.
 - The College with the help of the Students' Union also organizes cultural competitions annually where the students get a chance to display their
-

critical thinking and creativity in essay writing, recitation, newspaper reading, quiz, music and dance etc.

- Students also get a chance to give vent to their critical thinking in the departmental wall magazines.

2.3.5 What are the technologies and faculties available and used by the faculty for effective teaching? (E.g. : Virtual laboratories, e-learning resources from National Programme on Technology Enhanced Learning (NPTEL) and National Mission on Education through Information and Communication Technology (NME-ICT) open educational resource, mobile education etc.)

- The College does not have NPTEL and NME-ICT facilities.
- Computer Science department and Geography department have virtual laboratories with state of the art equipments.
- Internet facility can be used.
- E-Learning resources can be obtained by net-surfing.
- E-learning resources can be obtained from INFLIBNET
- Smart-boards are used by Computer Science and Geography departments.
- LCD projectors are used by some departments.
- Setting up of Wifi facility is being considered.

2.3.6. How are the students and faculty exposed to advanced level of knowledge and skills (blended learning, expert lectures, seminars, workshops etc.?)

The college always encourages departments to organize UGC sponsored National Level Seminar so that the students and faculties can avail the opportunity of an exposure to advanced level of knowledge and skill besides their regular subject studies. Expert lectures have not yet been organized. The members of the faculty attend seminars and workshops

organized by other institutions or the University and are thus exposed to advanced level of knowledge and skills.

2.3.7 Detail (process and the number of students benefited) on the academic, personal and Psycho-social support and guidance services (professional counseling/mentoring/academic advice) provided to the student?

The college offered the following job oriented courses with financial assistance from the UGC till the end of 2013 :

- a. Career counseling No. of beneficiary students : 250
- b. Remedial Coaching classes for S.C, S.T. and Minority students No. of beneficiaries : 200

The two Units of NSS and the unit of NCC have helped a lot in generating awareness among the students of the college and villagers residing in adjoining villages by organizing awareness programmes and special camps on the following issues :

- General awareness on recent problems like global warming, environment, women employment, child health, health and hygiene etc.
- Awareness on AIDS
- Awareness on thalassemia
- Superstition
- Blood donation
- Free health check up camp.

Many distinguished speakers delivered their valuable lectures on those issues which have strengthened the moral values of the students.

2.3.8 Provide details of innovative teaching approach/methods adopted by the faculty during the last four years? What are the efforts made by

the institution to encourage the faculty to adopt new and innovative approaches and the impact of such innovative practices on student learning?

- ❖ For continuous assessment of the students every department arranges class test.
- ❖ The introduction of smart boards is a welcome innovation.
- ❖ The availability of LCD Projectors and laptops encourages the faculty to adopt new and innovative approaches for class room teaching.
- ❖ Faculties also use maps to make their teaching more effective.
- ❖ The use of modern technology although in a very initial stage has generated great impact upon the students.

2.3.9 How are library resources used to augment teaching – learning process?

- The Librarian is the convener of the library sub-Committee which looks after day to day functioning of the library.
 - The sub-committee helps the Librarian to supervise all matters related to the library, such as purchase of books and maintenance of them.
 - The library maintains open access system for the teachers and partially open access system for the students.
 - All students are provided with two cards – one for reading room and other for lending facility.
 - Library has an Online Public Access Catalogue (OPAC) system with the help of SOUL 2.0.
 - Library displays new arrivals of books and journals on notice board to motivate the students and teachers for reading in the library.
 - The library is open for seven hours (from 10.00AM to 5.00PM).
All these are used to augment teaching-learning process.
-

2.3.10 Does the institution face any challenges in completing the curriculum within the planned time frame and calendar? If 'Yes', elaborate on the challenges encountered and the institutional approaches to overcome these.

The major problem faced by the institution is insufficient time available to complete the curriculum within the planned time frame and calendar. There are many unavoidable reasons for this. So to help the students in the best manner possible teachers take extra classes even after the classes are formally dissolved.

2.3.11 How does the institute monitor and evaluate the quality of teaching-learning?

The Governing Body, the Principal and the Teachers' Council monitor and evaluate the quality of teaching-learning as a whole.

The quality of teaching-learning is evaluated in a simple manner by analysing the performance of the students in class tests, test examination and University examinations.

Feedback received annually from outgoing students provides an impartial evaluation of the teachers.

2.4 Teacher Quality

2.4.1 Provide the following details and elaborate on the strategies adopted by the college in planning and management (recruitment and retention) of its human resource (qualified and competent teachers) to meet the changing requirements of the curriculum.

- All whole time teachers are recommended by the West Bengal College Service Commission and appointed by the Governing Body.
-

- Part-time, Contractual Whole Time and Guest Teachers, are recruited and appointed by the Governing Body subject to having qualification as per UGC norms and State Govt. rules. Part-time teachers and Contractual Whole Time teachers enjoy permanent status granted by the Govt.
- The services of the different categories of teachers are judiciously used. The Whole Time Teachers, following UGC norm, are provided 24 classes per week. part time teachers as per Govt. stipulation are allotted 10 classes per week; Guest teachers are allotted the residual classes to fill in the gaps if any, in the class routine.
- Whole time teachers participate in curriculum-related workshops organized by the University where they become aware of changes in the curriculum.
- The college authority purchases new books as per requirements generated by a change in the syllabus.

2.4.2 How does the institution cope with the growing demand/scarcity of qualified senior faculty to teach new programs/modern areas (emerging areas) of study being introduced (Bio technology I.T, Bioinformatics etc.)? Provide details on the efforts made by the institution in this direction and the outcome during the last three years.

- ❖ The college has introduced two non-conventional subjects – Nutrition and Diet Therapy in B.Sc. Course and Journalism and Mass Communication (H) in B.A. Course. As no full-time teaching posts are sanctioned by the state government, the college authority itself recruits some guest teachers to run those new course properly.
 - ❖ The college authority has moved to state government for full-time posts in those subjects for smooth running of those new courses.
-

2.4.3 Providing details on staff development programmes during the last four year.Elaborate on the strategies adopted by the institution in enhancing the teacher quality.

a. Nomination to Staff Development Programmes.

Academic Staff Development Programmes	No. of faculty Nominated
Orientation Programme	05
HRD Programme	Nil
Refresher Courses	01

❖ Percentage of faculty :

- Invited as resource persons in workshops/Seminars/Conference organized by external professional agencies :02/17 = 11.76 %
- Presented papers in workshops/Seminars/Conferences conducted or recognized by professional agencies : 13/17= 76.47%
- Participated in external workshops/Seminars/Conferences conducted recognized by national/international professional bodies : 17/17=100%

2.4.4 What policies/systems are in place to recharge teachers? (eg : providing research grants, study leave, support for research and academic publications, teaching experience in other national institutions and specialized programs, industrial engagement etc.)

The college Governing Body promotes teachers to carry on their research works by granting study leave and providing infrastructural facilities.

- All whole-time faculties have participated in Orientation Programmes and Refresher Courses.
- All teachers are allowed to attend short term workshops, seminars, conference etc.
- Many of the whole-time teachers have been granted Minor Research Projects funded by the UGC.
- Some teachers have taken classes being invited by other colleges or University at the PG level.
- Study leave was sanctioned to a whole time teacher of the department of Geography to pursue her research for Ph. D. degree.

2.4.5 Give the number of faculty who received awards/recognition at the state, national and international level for excellence in teaching during the last four years. Enunciate how the institutional culture and environment contributed to such performance/achievement of the faculty.

Nil

2.4.6 Has the institution introduced evaluation of teachers by the students and external peers? If yes, how; the evaluation used for improving the quality of the teaching-learning process?

The college has introduced evaluation by the students through a structured questionnaire to be filled in by the outgoing 3rd year Honours students as feedback. The University's Inspection Team and college's

Governing Body sometimes make general review of the teaching learning process.

2.5 Evaluation Process and Reforms

2.5.1 How does the institution ensure that the stakeholders of the institution especially students and faculty are aware of the evaluation processes?

- Through Prospectus
- Through notices.
- Through meetings of the Teachers' Council.

2.5.2 What are the major evaluation reforms of the University that the institution has adopted and what are the reforms initiated by the institution on its own?

The college is obliged to give effect to any evaluation reform adopted by the University.

A major reform was initiated by the University when it introduced 3 tier (1+1+1) Examination pattern in the year 2008 replacing the existing 2 tier pattern.

The university changes the syllabus and the question pattern from time to time and the college incorporates them in its own scheme of things with the help of the Teachers' Council. In fact the changes in syllabus have been in process for the last couple of years.

No extra new reform has been initiated by the college recently.

2.5.3 How does the institution ensure effective implementation of the evaluation reforms of the University and those initiated by the institution on its own?

- The college takes care to effectively implement the evaluation reforms.
- The teachers are made accustomed with the new syllabi and the new system of examination.
- Sincere efforts are made by the dedicated teachers to complete the syllabus in time.
- The college serves as the venue for the University selected colleges for the Part-I, Part-II, and Part-III examinations.

2.5.4 Provide details on the formative and summative evaluation approaches adopted to measure students achievement. Cite a few example which have positively impacted the systems.

- i. Departmental meetings are regularly held to cover the syllabi.
- ii. Holding of class test for internal assessment.
- iii. Regular evaluation of University examination's results of students in each year by Teachers' Council, the Principal and the Governing Body.

As a result of those approaches, there is a significant increase in students' performance in the University examination since 2009 on ward.

2.5.5 Enumerate on how the institution monitors and communicate the progress and performance of students through the duration of the course/Programme? Provide an analysis of the students results/achievements (programme/course wise for last four years) and explain the differences if any and patterns of achievement across the programmes/courses offered.

The students are always informed about their performance, about their percentage of attendance in the classes, about their performance in the Class Tests or their performance in the Test Examination. Guardian call is a regular feature for students whose performance is not satisfactory on any count.

The students' results are analysed below for last five years :

The University Examination Result 2011

It has to be admitted that the results of the students in the University examinations have both positive and negative indications. The result of the Honours students is quite satisfactory with increasing number of students qualifying and some securing first class marks. But the performance of the students in the General examination is often leaves much to be desired. The

reason may be the quality of intake in the General course. These students have poor academic performance in the Higher Secondary Examination or its equivalent examination. Most of the students of the General courses come from the poor S.C, S.T, OBC, Minority families who do not afford to attend class regularly. However, the college arrange remedial and tutorial classes to meet up challenges.

2.5.6 Detail on the significant improvements made in ensuring rigorous and transparency in the internal assessment during the last four years and weightages assigned for the overall development of students (weightage for behavioural aspects, independent learning, communication skills etc.)

In ensuring rigorous and transparency in the internal assessment the questions of class tests are kept very carefully with self-custody of the corresponding class teacher and examined answer script are shown to the students. The marks obtained for each test are recorded in a separate register supplied for each department. Through these tests students are made aware about the type of question on the syllabi taught in full. So they can avail independent learning without taking any external help. We think self taught is the best taught. They can also be made free of examination phobia.

2.5.7 Does the institution and individual teachers use assessment/evaluation as an indicator for evaluating student performance, achievement of learning objectives and planning? If 'yes' provide details on the process and cite a few examinations.

Yes, the institution and individual teachers use assessment/evaluation as an indicator for evaluating students performance. After the publication of the test examination result and University examination result (Part-1 and Part-II) teachers meet in Teachers' council's meeting in

which the Principal chairs as president of the Teachers' Council. All the teachers participate in discussion on result analysis. Various shortcomings of the students come under the purview of the teachers' council. To meet up them, several measures like more class tests, more text books, use of ICT to attract students in the classrooms, more tutorials, are suggested to improve future results Teachers are also requested to be alert on their part.

2.5.8 What are the mechanisms for redressal of grievances with reference to evaluation both at the college and University level?

The college has a Grievance Redressal cell through which the students' objections and queries with reference to evaluation are collected and solved immediately. Some complicated problems may be referred to the Teachers' Council/Principal for redressal. The grievances that cannot be solved at the college are sent to the University. The University tries to solve them and communicate the solution either over telephone or through letters, documents and information. There is an option of reviewing the answers-scripts in the University. Students can avail the right to information act for seeing the answer-scripts personally. By these means students can redress their grievances regarding evaluation.

2.6 Student's performance and learning outcomes:

2.6.1 Does the college have clearly stated learning outcomes? If 'yes' give details on how the students and staff are made aware of these?

Yes, the students and staffs are made aware of learning outcomes through circulation of notices, publication of result and discussion in the Governing Body where both the students and staff representatives can participate as members. Apart from three teachers, there are two

representatives from the Non-teaching staff and General Secretary of the Students' Union as ex-officio member in the Governing Body.

2.6.2 How are the teaching learning and assessment of the institution structured to facilitate the achievement of the intended learning outcomes.

The teaching learning and assessment strategies of the college are appropriately structured to facilitate the achievement of the intended learning outcomes are shown in the following diagram :

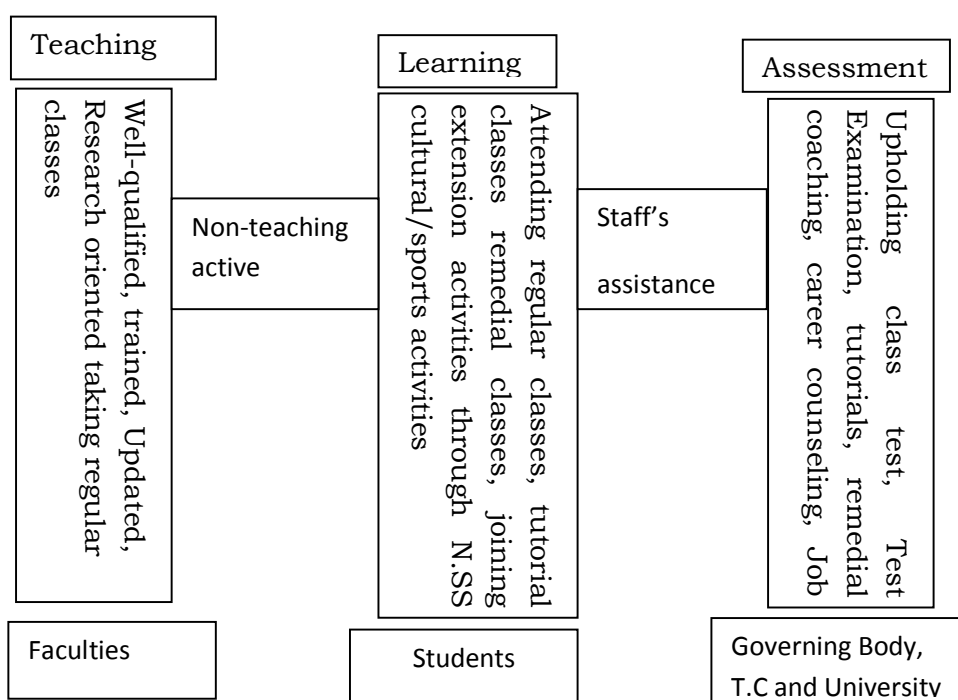

Figure shows Teaching-Learning-Assessment Linkage

2.6.3 What are the measures/initiative taken up by the institution to enhance the social and economic relevance (quality jobs, entrepreneurship, innovation and research aptitude) of the course offered?

On the recommendation of the IQAC the college authority plans to run the following UGC sponsored courses :

- ❖ Job-entry coaching for S.C, S.T and Minorities
- ❖ Career Counseling cell for the college students
- ❖ Remedial coaching for S.C, S.T, and Minority community.

2.6.4 :How does the institution collect and analyse data on student learning outcomes and use it for planning and overcoming barriers of learning.

The college collects data on student learning outcomes from students' progression, performance and results in the University Examinations. Then those data are placed in the meeting of T.C, Governing Body for analysis. After that the college plans to overcome various barriers in teaching learning.

2.6.5How does the institution monitor and ensure the achievement of learning outcomes.

To monitor and ensure, the departments do the following things :

- Students' regular attendance
- Holding class tests at regular interval
- Holding of Remedial classes.
- Maintain close relation with the students
- Be conscious about the students' needs and problems.

**2.6.6What are the graduate attributes specified by the college/affiliating University?
How does the college ensure the attainment of these by the students?**

The graduate attributes specified by the college /affiliating University are :

- i. Academic up-gradation of students.
 - ii. Building up a responsible member of the society.
-

The college provides necessary infrastructure, other requirements, books and journals, peaceful academic environment to ensure the attainment of those necessary attributes.

CRITERION- III

CRITERION –III : RESEARCH CONSULTANCY AND EXTENSION

3.1 Promotion of Research

3.1.1 Does the institution have recognized research center/s of the affiliating University or any other agency/ organization.

Mankar College does not have any recognised research centre of the affiliating University or any other agency/organization. However, two Associate Professors from the departments of Bengali and Hindi and the Principal who belongs to the discipline of Political Science are supervising Ph.D scholars registered with the University of Burdwan.

3.1.2 Does the institution have a research committee to monitor and address the issues of research? If so, what is its composition? Mention a few recommendations made by the committee for implements and their impact.

No, the institution does not have a research committee.

3.1.3 What are the measures taken by the institution to facilitate smooth progress and implementation of research schemes/projects?

- Autonomy to the principal investigator :
The principal investigator enjoys complete autonomy
- Timely availability or release of resources:
The resources received are always released timely.
- Adequate infrastructure and human resource:
The College provides adequate infrastructure and human resource for research projects.
- Time-off, reduced teaching load, special leave etc. to teachers :
The teachers are provided with all amenities without hampering the interest of the students.
- Support in terms of technology and information needs:
Full support is provided.
- Facilitate timely auditing and submission of utilization certificate to the funding authorities :
The College provides all facility.
- Any other:
The authority always encourages new project proposals.

3.1.4 What are the efforts made by the institution in developing scientific temper and research culture and aptitude among students?

A general degree college located in a rural area has to face many obstacles to develop scientific temper and research culture and aptitude among students. However, the field studies and excursions made under the guidance of the teachers give the students the basic idea of research activities. Apart from this the teachers always try to mould the students' attitude through seminars arranged in different departments. The exhibition stalls organised by the students during the annual cultural programme of the college offer them a chance to display their research aptitude.

3.1.5 Give details of the faculty involvement in active research (Guiding student research, leading research projects, engaged individual/collaborative research activity etc.)

3.4.4 Provide details (if any) of

- ❖ Research awards received by the faculty :No
- ❖ Recognition received by the faculty from reputed professional bodies and agencies nationally and internationally :Yes

3.5 Consultancy

3.5.1 Give details of the systems and strategies for establishing institute-industry interface?

Mankar College is a general degree college having no professional course. Therefore, the question of establishing institute-industry interface does not arise. The college is thinking of ways to expose the students of Computer Science to the IT industry.

3.5.2 What is the stated policy of the institution to promote consultancy? How is the available expertise advocated and publicized?

There is no stated policy of the institution to promote consultancy. However, few senior teachers are providing consultancy in the form of supervising Ph.D scholars registered with the University of Burdwan.

The available expertise is not advocated and publicised.

3.5.3 How does the institution encourage the staff to utilize their expertise and available facilities for consultancy services.

The college extends flexibility to teachers in the following areas:

- ❖ Holding of Seminars in College premises
 - ❖ Providing duty leaves to attend seminars and workshops, conferences, summer schools.
 - ❖ Allowing teachers to attend Orientation Programmes and Refresher Courses
-

- ❖ This flexibility on the part of the administration creates an atmosphere in which teachers can pursue further research activities.

3.5.4 List the broad areas and major consultancy service provided by the institution and the revenue generated during the last four years.

Nil

3.5.5 What is the policy of the institution in sharing the income generated through consultancy service (staff involved : institution) and its use for institutional development.

Does not arise.

3.6 Extension activities and Institutional Social Responsibility (ISR).

3.6.1 How does the institution promote institution neighbourhood community network and student engagement, contributing to good citizenship, service orientation and holistic development of students?

- The college authority celebrated the Silver Jubilee of the college with the active cooperation and participation of the local people along with the students and employees.
 - The students' Union of the college organizes Annual Cultural Programme when most of the departments display their innovative ideas on different topics. Through these stalls, the students exhibit their power of imagination. The people from the neighbourhood attend the programme with great enthusiasm.
 - Through special camps organized by the NSS & NCC Units, the college students spread awareness about the needs of education, health consciousness, preservation of water, gender equality, hygiene and cleanliness, evils of superstition among the villagers. The college authority extends help in every aspect in realizing the goals of the NSS and NCC.
 - The 150th Birth Centenary of Rabindranath Tagore was observed and a seminar talk was arranged by the college authority to commemorate the occasion.
-

3.6.2 What is the institutional mechanism to track students' involvement in various social movements/activities which promote citizenship roles?

The institutional mechanism to track students' involvement in various social movements and activities is through the activities of NSS and NCC.

3.6.3 How does the institution solicit stakeholders' perception on the overall performance and quality of the institution?

The institution solicits stakeholders' perception on the overall performance and quality of the institution informally through the meetings of the college authority with the guardians regarding the attendance of the students or their performance in the examinations. The guardians express their observation of the overall performance of the college. The students' union in their frequent meetings and representations present the students' perception of the functioning of the college and their demands. The college authority tries to deal with the suggestions received from the guardians or the students in the best possible manner in the interest of the college.

3.6.4 How does the institution plan and organize its extension and outreach programmes? Providing the budgetary details for last four years, list the major extension and outreach programmes and their impact on the overall development of students.

The college plans and organizes its extension and outreach programmes in the following manner;

- The coordinators of the two NSS Units, plan and organize the extension and outreach programmes with the approval of the Principal. In this meeting regular extension activities, special camps' site selection, special drives etc. are discussed and responsibility is relocated among the two NSS Units.
-

- The college has no provision of budgetary allocation for these extension and outreach programmes. It depends on university's allocation for regular activities and organizing special camps. Senior teachers of the college or invited speakers from outside act as resource persons in the NSS special camps.
- The 10th Bengal Battalion 4 Coy NCC unit of the college takes part in outreach programmes along with the NSS units and have organized Blood Donation Camps, Tree Plantation, Run for Fun and AIDS Awareness Programmes etc.
- List of major extension and outreach programmes :
 - World Environment Day is observed every year so that students and community are made aware of ill effects of pollution on our environment. The words like forestation deforestation, global warming etc are made understandable to the community by exhibiting posters.
 - NSS organizes AIDS Awareness campaign with a procession covering some adjoining villages.
 - Two Units of NSS organize free health check up camps within the college premises in which outsiders are also attended by the participating doctors.
 - The NSS also has adopted villages where special camps are organized through which the college gets communicated with the larger society. In these camps, students come in contact with the neighbourhood people and learn the art of being a responsible member of the society.

The Details of Grants received by the NSS Units in last four years:

Year	NSS unit-1	Amount Received from University	Programmes
2011-12	Unit-I	44500/-	Regular activities, Special camp
	Unit-II	44500/-	„
2012-13	Unit-I	49400/-	„,+ red ribbon club

 - Special survey on women's health and Neo-natal care

3.6.6 Give details on social surveys, research or extension work (if any) undertaken by the college to ensure social justice and empower students from under-privileged and vulnerable sections of society?

No.

3.6.7 Reflecting on objective and expected outcomes of the extension activities organized by the institution, comment on how they complement students' academic learning experience and specify the values and skills included?

Through extension activities a relationship between students and the society outside the campus is generated which makes the students aware of world of reality and its social, cultural and moral values and the miserable condition of the disadvantageous sections of the society. They learn the basic lessons of compassion and fellowfeeling.

3.6.8 How does the institution ensure the involvement of the community in its reach out activities and contribute to the community development? Details on the initiatives of the institution that encourage community participation in its activities?

The college has been a product of the dream of the community and therefore it has remained a part of the community. But being an educational institution affiliated to a university and financially aided by the State Government it has to be exclusive to a large extent. However normally it maintains a profile that the community may look up to and appreciate.

- During the annual cultural programmes held in the college premises for 3 days, the people from adjoining villages come and enjoy. They interact with students in Departmental stalls displaying different themes. Some local artists also perform in these programmes.
- During the Silver Jubilee Ceremony of the college children from the local schools participated in the walk with the college along with a large number of local people. They also attended the open programmes and listened to the speeches. On other occasions like the Saraswati Puja the local people do come and attend.

3.6.9 Give details on the constructive relationships forged (if any) with other institutions of the locality for working on various outreach and extension activities.

- The college has a constructive relationship with the local Gram Panchayat, the Block Development Office and the General Hospital and the library .
- These institutions always extend a helping hand to the college in its various outreach and extension activities.
- The college organizes seminars in collaboration with Michael Madhusudan Memorial College, a neighbouring college.

3.6.10. Give details of awards received by the institution for extension activities/contributions to the social/community during the last four years.

Nil

3.7 Collaboration

3.7.1 How does the institution collaborate and interact with research laboratory, institutes, and industry for research activities. Cite examples and benefits accrued of the initiatives collaborative research, staff exchange, sharing facilities and equipment, research and scholarships etc.

Seminar collaboration with other educational institutes:

As per UGC guide lines, our college have organized many seminars in collaboration with Michael Madhusudan Memorial College, Academic Staff College, Burdwan University, and Burdwan university

Dr. Sujit Kumar Chattopadhyay, former Associate Professor of Bankura Zilla Saradmoni Mahila Mahavidyalaya has opted this college as venue for research work as a part of his senior research fellowship of ICSSR.

CRITERION-IV

CRITERION IV : INFRASTRUCTURE AND LEARNING RESOURCES

4.1 Physical facility

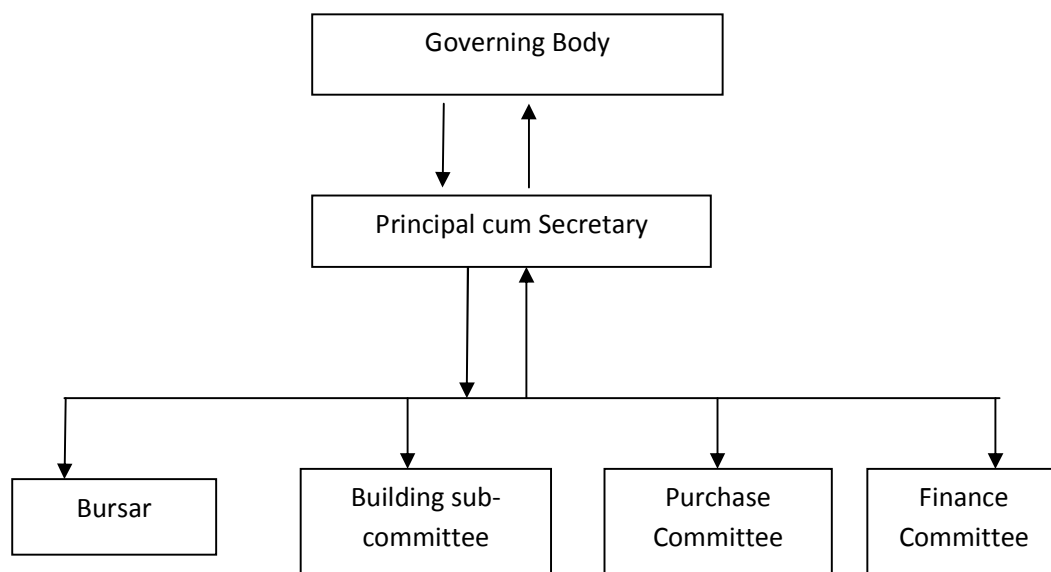

4.1.1 : What is the policy of the institution for creation and enhancement of infrastructure that facilitates effective teaching and learning?

The basic policy of the institution is to create adequate infrastructure to meet the primary demand of accommodation to all the students teaching and non-teaching employees of the college. With the passage of time and growth of the college the need for enhancing the infrastructure also has grown manifold and receives proper attention. With the growth of the college new subjects have been introduced, syllabi have been changed by the University for the existing subjects and infrastructure that facilitates effective teaching and learning has been enhanced.

For building new infrastructure the college depends upon UGC and State Govt. grants. The college received an old building with adjoining land as a donation on which the UGC Women's hostel has been built.

To cope with the ever increasing demand of the curriculum the college applies to the State Govt. for sanctioning teaching and non-teaching posts

For resource mobilisation and creation of infrastructure the College follows a multi-layered decision making policy

4.1.2 Detail the facilities available for

a. Curricular and Co-curricular activities – classrooms, technology-enabled learning spaces, seminar halls, tutorial spaces, laboratories, botanical garden, Animal house, Specialized facilities and equipment for teaching, learning, and research etc.

The college possesses a beautiful green campus of 30553.77sq.m.. The plinth area is 1930. sq. m. the college building is four winged and mostly three storeyed. There are 18 classrooms and one class cum lab, one class cum AV Room and one gymnasium for Arts section, 5 classrooms and 5 labs for Science section and 4 classrooms and 1 lab for Commerce section. There is a fully furnished auditorium with seating capacity of 200. The Library is located at the ground floor of a four storey building. The library has two stack rooms and a reading room. Internet and Xerox facilities are available at the library. One room is used by NCC, two by NSOU, the college office has three rooms apart from the Principal's chamber.

For Academic activities the following infrastructure is available :

- Classrooms : 27 with adequate furniture
- Classrooms : 22 with glass boards
- Classrooms : 4 with public address system
- Laboratories : 7 with necessary instruments
- Laboratories : 2 with smart-boards
- AV room : 1 with LCD projector and sound system.
- Auditorium : 1 with LCD projector and Audio system
- UGC Girls' hostel : One
- Library with open access (partial) system containing books & journals.
- UGC Network Lab : 1
- Generator sets : 2 (40KV & 05KV) for uninterrupted power supply
- Open-air stage : 1

b. Extra-curricular activities

- Open air stage : One
- Gymnasium : One
- Boys' Common Room : One
- Girls' Common Room : One
- Sports and games facilities: Volleyball, Cricket, football, Kho-kho, Kabadi
- NCC : 1 Unit
- NSS : 2 Units

4.1.3 How does the institution plan and ensure that the available infrastructure is in line with its academic growth and is optionally utilized? Give specific example of the facilities developed /augmented and the amount spent during the last four years (Enclose the Master Plan of the institution/Campus and indicate the existing physical infrastructure and the future planned expansions if any)

There is a well established system such as committees to identify, evaluate and monitor the proper use of available infrastructure. We have committees such as

Finance Committee

Purchase Committee

Building Committee

Library Committee

These committees plan and ensure the proper use of infrastructure.

These committees also ensure that the available infrastructure is properly utilized.

During the last 5 years, college has created additional infrastructure as stated below :

- ❖ For safe drinking water, one Aqua guard HI-flo cooler cum purifier for staff installed.
 - ❖ One water cooler for students is installed.
 - ❖ Two water purifier for students
 - ❖ Partially open access system in the library.
 - ❖ Computerization of the Library.
 - ❖ New Classrooms
 - ❖ Classrooms with sound system and glass boards
 - ❖ A gymnasium is set up
 - ❖ UGC NET lab
 - ❖ Thin client
 - ❖ Mathematics and Commerce Computer Lab.
 - ❖ Generators
 - ❖ Guest room.
 - ❖ Refrigerator
 - ❖ Medicinal garden
 - ❖ TV and DTH set
-

- ❖ Server
- ❖ AC machine for the Server room
- ❖ COSA

4.1.4 How does the institution ensure that the infrastructure facilities meet the requirements of students with physical disabilities?

There are very few students with physical disabilities. During an examination, special room in the ground floor is provided to them. Blind students can engage writer as per government rule.

4.1.5 Give details on the residential facility and various provisions available within them :

Most of the students of the college are commuters. However, some of them stay in rented accommodation. Considering the problem of the female students commuting from great distances the college has just completed building a UGC Women's Hostel which can accommodate boarders from the next session.

4.1.6 What are the provision made available to students and staff interns of health care on the campus and off the campus?

- The College provides elementary first aid facility.
 - The College makes up for the absence of a medical unit by its close association with Mankar Hospital.
 - In the case of any emergency the hospital provides proper treatment to the students.
 - The doctors of the hospital are often invited for addressing the students on health issues.
-

- The NSS units organize Medical check up camp for free treatment. Apart from the students people from neighboring villages can also avail themselves of the facility free of cost.

4.1.7 Give details of the common facilities available on the campus space for special units like IQAC, Grievance Redressal unit, Women’s Cell, Counseling and Career Guidance, Placement Unit, Health Centre, Canteen, recreational spaces for staff and students, staff drinking water facility, auditorium etc.

The common available facilities in the college are:

Sl. No.	Facilities	No.	Space (Dimension in sq.ft.)
1	IQAC	01	20×20
2	Staff room	01	20×50
4	Toilets	16	8×10

4.2.4 Provide details on the ICT and other tools deployed to provide maximum access to the library collection?

- OPAC : Yes
- Electronic resource Management Package for e-journals : No
- Federated searching tools to search articles in multiple databases : Yes

- Library website : Yes
- In-house / remote access to e-publications : No
- Library automation : Yes (Partially computerised)
- Total No. of computers for public access : 04 (Four)
- Internet band : BSNL Broadband : Yes
- Institutional repository : Yes
- Content management system for e-learning : No
- Participation in resource sharing networks consortia (INFLIBNET NLIST) :Yes

The support facilities available in the library are as follows:

- Internet facilities to different user groups.
- Access to e-journals and e-books
- Computers with printers
- Xerox machine installed on the ground floor of Library
- UPS facility for continuous supply of electricity.

4.2.5 Provide details on the following items :

- ❖ Average number of walk-in : Student :35
: Teacher :8
 - ❖ Average number of books issued/returned : 20:7/11
 - ❖ Ratio of library books of students enrolled :13375:1502
 - ❖ Average number of books added during last three years : 779
 - 2009-10 = 1709
 - 2010-11 = NIL
 - 2011-12 =612
 - 2012-13 =612
 - 2013-14= 181
 - Average number of login to OPAC : Not recorded
 - ❖ Average number of login to e-resources : Not log book maintained
-

- ❖ Average number of e-resources downloaded/printed : Not recorded
- ❖ No of information literacy trainings organized : Nil

4.2.6 Give details of the specialized service provided by the library

- Manuscripts : Nil
- Reference Tools : Yes
- Textbooks : Yes
- Reprography : Yes
- ILL (Inter Library Loan Service) : No
- Information deployment and Notification : Yes
- Download : Yes
- Printing : No
- Reading list/Bibliography Compilation : Yes
- In-house/remote access to e-resource : Yes
- User orientation and awareness : Yes
- Bringing the students/teachers to the library for the orientation :
Yes
- Showcase the collection and services of library : Yes
- Assistance in searching databases : Yes
- INFLIBNET/IUC facilities : Yes (NLIST
electronic resources)

Other value added services provided by the library

- Overnight borrowing facility to the students
- Departments are sometime entrusted to purchase books

4.2.7 Enumerate on the support provided by the library staff to the students and teachers of the college

The library staff is always at the service of the library users and extends all required support to the users.

4.2.8 What are the special facilities offered by the library to the visually/physically challenged persons? Give details

There has not yet been a visually challenged person. The very few physically challenged students that came to the college have always been treated with fellow feeling and alertness in the Library.

4.2.9 Does the library get the feedback from its users? If yes, how is it analysed and used. For improving the library services (what strategies are deployed by the library to collect feedback from users? How is the feedback analysed and used to further improvement of the library service?)

- **Student's feedback** about the services provided by the library is a component of the general feedback received from the outgoing students every year. Obviously this feedback helps the library to improve itself.
- **Teachers' feedback** is always available. Teachers are actively involved in the management of the library, some of them formally as members of the Library sub-committee and others informally as frequent visitors to the library. Again feedback from the teachers is also received through the Teachers' Council.

4.3 I.T Infrastructure

4.3.2 detail on the computer and internet facility made available to the faculty and students on the campus and off campus?

Departments like Computer Science, Mathematics, Commerce and Geography are provided with personal computers. Internet facility is

available in the departmental labs, internet lab, library and AV room for the use of interested faculty and students.

4.3.3 What are the institutional plans and strategies for deploying and upgrading the IT infrastructure and associated facilities?

- The institution has a plan to bring all the departments under I.T.infrastructure as soon as each individual department can be allotted its own space.
- IT infrastructure is upgraded making use of the knowhow of the department of Computer Science.
- The institution has added cable net connections to existing broadband connections to provide continuous internet facilities in the face of erratic BSNL services.

4.3.4 Provide details on the provision made in the annual budget for procurement, up gradation, deployment and maintenance of the computers and their accessories in the institution (year-wise for last four years)

	1,50,000/-	13,00,000/-	3,00,000/-	1,00,000/-

4.3.5 How does the institution facilitate extensive use of ICT resources including development and use of computer aided teaching/learning materials by its staff and students?

- ICT resources are extensively used by departments like Computer Science, Geography, Mathematics and English.
- Computer aided teaching is done by all of them, LCD projectors are also extensively used, departments like Computer Science and Geography teach using smart-boards.
- The Library is computerized and in the process of enabling the students to search books even from home.
- The office is computerized and so has to depend on a skilled use of ICT

4.3.6 Elaborate giving suitable examples on how the learning activities and technologies deployed (access to on-line teaching- learning resources, independent learning, ICT enabled classrooms/learning spaces etc.) by the institution place the student at the centre of teaching-learning process and render the role of a facilitator for the teacher.

The teaching -learning process has always been student-centric even before the deployment of technologies in the college.

- Students use online resources to a limited extent
- They are a few ICT enabled class rooms/ laboratories and the facility is extensively used by some departments.
- The Library is in a semi-automated stage and will be upgraded soon
- Teachers act as facilitators in this regard.

4.3.7 Does the institution avail of the National knowledge Network connectivity directly or through the affiliating University? If so, what are the services availed of?

The college has INFLIBNET connection.

4.4 Maintenance of Campus Facilities :

4.4.1 How does the institution ensure optional allocation and utilization of the available financial resources for maintenance and up keep of the following facilities (substantiate your statements by providing details of budget allocated during last four years).

Sl. No.	Heads	2010-11	2011-12	2012-13	2013-14

4.4.2 What are the institutional mechanisms for maintenance and up keep of the infrastructure facilities and equipment of the college?

The college hires external services as and when needed for maintenance and up keep of the infrastructure facilities and has Annual Maintenance Contracts with servicing concerns for the maintenance of equipment.

4.4.3 How and with what frequency does the institute take up calibration and other precision measures for the equipment/instruments?

Calibration is done as and when required by the professionally skilled teachers of the institution.

4.4.4 What are the major steps taken for location, upkeep and maintenance of sensitive equipment (voltage fluctuations, constant supply of water etc.)

- ❖ The college has installed two generator sets, one of 40KV capacity and the other of 5 KV to provide uninterrupted supply even when there is a power cut. Stabilizers are installed with the sophisticated instruments to neutralize voltage fluctuation.
- ❖ The college has own submersible pump sets which provide continuous water supply all through the day.

CRITERION-V

CRITERION V : STUDENT SUPPORT AND PROGRESSION

5.1 Student Mentoring and Support

5.1.1 Does the institution publish its updated prospectus/handbook annually? If yes, what is the information provided to students through these documents and how does the institution ensure its commitment and accountability :

Yes, our college publishes prospectus annually. It contains the following information:

- A brief history of the college along with the purpose it serves for the society.
 - Location and communication
 - Details for correspondence: Address, phone numbers and website id.
 - A brief introduction to the existing Governing Body of the college
 - Admission process
 - Courses offered
 - Option for combination subjects
 - Admission: including number of seats available in each subject/combination

- f. No tie up has yet been made with other institutions of higher learning/corporate/business house etc. for students' exposure.
- g. The students' magazine 'Uttaran' is published by the college.

5.1.5 Describe the efforts made by the institution to facilitate entrepreneurial skills, among the students and the impact of the efforts:

The college is yet to make any such effort.

5.1.6 Enumerate the policies and strategies of the institution which promote participation of students in extracurricular and co-curricular activities such as sports, games, Quiz competition, debate and discussion cultural activities etc.

- The Dept. of Physical Education has been established with the aim of making the students aware of the importance of games and sports not only as active ways to stay healthy but also as career options. This department conducts various sports events on a regular basis. Moreover they play an important role in conducting the Annual sports meet where every student of the college is encouraged to participate.
 - The college organizes co-curricular activities like quiz, debate, cultural competitions with the active participation of the Students' Union. The best performers are encouraged by prizes and awards. The Annual Cultural Programme is also a place for the students to showcase their talents.
 - These students are also encouraged to participate in Inter college Competitions and the best performers can proceed farther. Outstanding
-

sports persons are provided with sports gears as a mark of recognition of their achievements.

5.1.7 Enumerate on the support and guidance provided to the students in preparing for the competitive examinations, give details on the number of students appeared and qualified in various competitive examinations such as UGC-CSIR-NET, UGC-NET, SET, ATE/CAT /GRE/TOEFEL/GMAT/Central/State Services, Defence, civil services etc.

This Under Graduate College at present does not provide any formal assistance to the students to appear for these examinations. It should be noted here that most of these examinations are open for post graduate students. However, the teacherstry to motivatethe students to prepare themselves for these examinations once they attain eligibility by sharing their personal experiences with students.

5.1.8 What type of counselling services are made available to the students (academic, personal, career, psycho-social etc.)

The college admits students to different courses after a thorough counselling by the faculty of their academic interests.

The career counsellingservice provided to the students is not very satisfactory at present. A UGC funded Career Counselling Cell was active in the college till 2013 to help the students to identify the possible career options for them. It arranged seminars and discussions for the purpose. But the counselling cell has ceased to exist when the UGC fund became unavailable. However, now and then different institutes come to the college to discuss new avenues of building a career.

The students receive counselling from their teachers at all times about their academic, personal, career, psycho-social necessities.

5.1.9 Does the institution have a structured mechanism for career guidance and placement of its students? If yes, details on the services provided to help students to identify job opportunities and prepare themselves for interview and the percentage of students selected during campus interviews by different employers.

The institution does not have any placement cell but it had a Career Counselling Centre sponsored by the UGC till 2013 to help the students to be aware of the possible career options for them. It arranged seminars and discussions for the purpose.

There has never been a campus interview in the college. But the final year students of computer Science department attended Campus Interviews held at the affiliating university and got selected for appointment.

5.1.10 Does the institution have a student grievance redressal cell? If yes, list (if any) the grievances reported and redressed during the last four years.

There is a student grievance redressal cell headed by the Principal and consisting of the following teachers:

Prof. NiharRanjanRakshit, Dr.BithikaMandal,Dr. KusumRai, Prof. Tarun Kumar Roy, and Dr.MamaniMandal

On receipt of any complaint the cell convenes a meeting in which the form of redressal is decided and conveyed to the student concerned.

5.1.11 What are the institutional provisions for resolving issues pertaining to sexual harassment?

The college has a committee for the prevention of sexual harassments in the college, which comprising members of teaching and non-teaching staffs. The committee deals strictly with any act of sexual harassment inside the college premises to maintain a healthy academic atmosphere in the college.

5.1.12 Is there an anti-ragging committee? How many instances (if any) have been reported during the last four years and what action has been taken on these?

The college has a Disciplinary sub-committee and also an Anti-ragging cell to deal with the problem of ragging. The function of the committee is to prohibit any conduct by any student or students whether by words spoken or written or by an act of indulging in rowdy or undisciplined activities which has the effect of teasing, treating or handling with rudeness a fresher or any other student(s). Strict disciplinary, and if needed, penal actions are to be taken in such cases.

There is no instance of ragging within the campus.

5.1.13 Enumerate the welfare schemes made available to students by the institution.

- Safe drinking water (both cold and normal)
 - Grievance redressal cell
 - Anti ragging cell
 - Prevention of sexual harassment cell
 - Students' welfare fund run with the help of the Students' Union.
 - Endowment award for best performers in University Examinations.
 - Make the students aware of the different Govt. scholarships and stipends.
-

- Free-ship for a few economically backward students

5.1.14 Does the institution have a registered Alumni Association? If yes, what are its activities and major contributions for institutional, academic and infrastructure development?

There is an Alumni association but it is not registered. It is in a dormant stage. However, faculties informally keep a track of the ex-students' academic and professional activities after they have left college.

5.2 Student progression

5.2.1 Providing the percentage of students progression to higher education or employment (for the last four batches) highlight the trends observed.

UG to PG students progression in as follows

Year	P.G	No. of student passed in U.G	% of average progression
2010-11	65	120	54.16
2011-12	59	116	50.86
2012-13	66	130	50.76
2013-14	69	136	50.73

Detailed information of progression to employment is not available. Most of them are employed as teachers, quite a few are in the IT industry, a good number is in the armed forces, others are in a variety of professions.

5.2.2 Provide details of the programme wise pass percentage and completion rate for the last four years (cohort wise/batch wise as stipulated by the University)? Furnish programme-wise details in comparison with that of the previous performance of the some institution and that of the colleges.

5.2.3 How does the institution facilitate student progression to higher level of education and/or towards employment?

- Classes are held regularly.
- Teachers take personal care of individual students.
- Career counselling cell was active till the end of 2013 and is to be revived.

5.2.4 Enumerate the special support provided to student who are at risk of failure and drop out

The rate of drop out in our college is a pretty high but the reason can be attributed to certain social reasons. To begin with it is the custom of this rural area to marry off the girls at a young age and about 50% our students are girls. Of the girl students 20-30% belong to S.C and S.T community in which the mean age of marriage is between 15-18 years. Again as many of these students are first generation learners they do not receive support and encouragement from their families about pursuing higher studies. Apart from these, since many of the students come from extremely poor families they prefer to get engaged in some kind of employment to help their families financially. Though there are scholarships for such students yet with them they can only study but cannot support their families with financially. So, they prefer dropping out of college.

Special support provided to students who are at risk of failure and drop out

- To help such students the college ensures that meritorious but poor students get adequate scholarships to continue their studies.
 - Under the Kanyashree Scheme introduced by the Government of West Bengal the female students are encouraged with monetary assistance to pursue higher studies. Girls in our college frequently avail that scheme.
-

- Teachers also meet parents and guardians of students regularly to make them aware of the need to study, so that they in turn can encourage their wards towards receiving education.

5.3.1 List the range of sports, games, cultural and other extra curricular activities available to students. Provide details of participation and programme calendar list of some of the games, sports, cultural and other extra-curricular activities are as follows :

Sports

- ❖ Badminton
- ❖ Kabadi
- ❖ Volley Ball
- ❖ Kho-Kho
- ❖ Athletics
- ❖ Football
- ❖ Cricket
- ❖ Basket ball

The students participate in the annual sports events of the college held in the winter season. The best performers go on to participate in the Inter College Sports Competition organised by the University, the best of them participate in the State level competitions

Cultural events

Every year before Annual cultural programme of the College competitions for some cultural events like song, recitation, news reading, dance, alpana etc. are organized in which our students participate and for which best participants are awarded prizes.

Co-curricular Activities:

The following events were organized annually but of late they have become a little irregular

- Quiz competition
- Debate competition
- Essay Competition
- Extempore Speech Competition.

5.3.2 Furnish the details of major student achievements in co-curricular, extracurricular and cultural activities at different levels – University/State/Zonal/National/International etc for the previous years (four years)

A few students of the **NCC** unit of the college have done extremely well in All India Competitions.

Bipasha Das won silver in All India G V Mavlangkar Shooting Championship in 2009 and as a recognition of her achievement received the Governor's Gold medal in the year 2010.

Jayanta Kundu participated in All India G V Mavlangkar Shooting Championship in Ahmedabad in 2011 & in Delhi in 2012 and won two gold and one silver medals in 56th National Shooting Championship in 2012. Jayanta Kundu also won Governor's medal for excellence in adventure activities in 2012-13.

Bidhan Ghosh participated in All India G V Mavlangkar Shooting Championship in Delhi in 2012. Bidhan also won Governor's medal for excellence in adventure activities in 2012-13.

Sisir Ghorui attended Special National Integration Camp in Peddapuram (AP) in 2012

- The students can publish their own writings in the college magazine *Uttaran*

5.3.5 Does the college have a student council or any similar body? Give details on its selection. Constitution, activities and funding.

As per the statute of the affiliating University the college has an elected student council known as Students' Union.

The Students' Union is constituted by the elected members known as class representatives. As per the statute all class representatives are elected by a formal election process declared by the Principal 21 days prior to date of election. He, as the Returning Officer of the College Election Commission consisting of teachers and non-teaching staff, notifies election, announces schedule, publishes voter lists for Science, Arts, and Commerce streams, declares number of seats. Students can receive nomination forms, submit, and withdraw, if desired, as per the election schedule. All bonafide students are voters. They cast their individual votes to elect individual class representatives on scheduled date of election. After counting of votes the principal announces the elected candidates and the Students' Union is formed on a day as per the published schedule.

Throughout the year Students' Union performs the following actions:

- The primary function is to help the authority in maintaining the healthy academic environment in the campus. And then
 - To take care of the interest of the students
 - To place the demands of the students to the principal.
-

- To distribute students' aid fund in consultation with entrusted teacher.
- To organize sports competition.
- To organize cultural competition
- To look after the students' common rooms
- To organize the annual cultural programme

CRITERION-VI

CRITERION VI :GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 Institutional Vision and Leadership

6.1.1 State the vision and mission of the institution and enumerate on how the mission statement defines the institution's distinctive characteristics interms of addressing the needs of the society, the students it seek to serve, institution's traditions and value orientations, visions for the future, etc.?

Vision of our college:

The motto of our college is *Sa Vidyaya Vimuktaye*(Education that emancipates) In keeping with this view we believe in imparting education that liberates the learners from all sorts of narrow mindedness that prevent them from soaring higher in life.The vision of our college,thus, is to generate intellectual and social consciousness

Mission:

The mission of the college is to nurture the mostly first-generation learners of an economically and socially deprived area. Thus the institution aims at

- ❖ Educating those who need most: From Ignorance to Enlightenment.
 - ❖ From neglect to care: Opening the world to the Subaltern
 - ❖ Repaying the debt to the society
 - ❖ Generating the spirit of harmony: Growing out of the self and learning to be accommodating.
 - ❖ Grooming a disciplined member of the society.
 - ❖ Strengthening the spirit of indebtedness to the Institution that offers the light of knowledge.
 - ❖ Learning to respect self and others.
-

Addressing the needs of the society, the students

Mankar College, established in 1987, is committed to the ideal of providing higher education to the rural people, particularly the weaker sections of the society. To cope with increasing demands, the college authority increases intakes of different subjects every year which is reflected in records of admission in the last five years.

Apart from facilitating taught courses in various disciplines, the college also believes in all-round development of the students, so that they emerge as sensible citizens of the future. We are committed to making our students not only professionally successful but morally and ethically good as well.

Institution's tradition

Mankar College has a tradition of consistently rendering highest priority to teaching-learning process. As a part of this, teachers encourage students to not only study text books but also good reference books on their respective subjects. Students are, therefore, instructed to go to the library within the college premises which stocks these books. But academic excellence is only a part of the college's legacy. Our students are consistently showing a knack for extra-curricular activities too. Thus, academics and extra academic activities together form the tradition of Mankar College.

Institutional Value orientation

Our college has a strong commitment to the cause of women's education, higher education for SC, ST and OBC and minorities – all weaker sections of the rural society.

Vision for the future

The college would like to uphold those values which can help to pursue modern aspirations in this era of globalization..

6.1.2 What is the role of top management, Principal and faculty in design and implementation of its policy and plans?

- The top management i.e., the Governing Body, the Principal and the Teaching and non-Teaching staff of the college work harmoniously in an atmosphere of cooperation and amity to build the future of the institution.
- The proposal for the new plan/policy on academic development viz introduction of new subjects is first discussed in Teachers' Council meeting.
- There are different sub-committees comprising both teaching and non-teaching members. The purpose of these sub-committees is to formulate new proposals.
- All these proposals are placed before the Governing Body for approval and concurrence.
- The new policy/plan approved by the Governing Body is implemented by the college administration under the leadership of the Principal.
- The members of teaching and non-teaching staff implement the policy.

6.1.3 What is the involvement of the leadership in ensuring the policy statements and action plans for fulfilment of the stated mission, formulation of action plans for all operations and incorporation of the same into the institutional strategic plan interaction with stakeholders, proper support for policy and planning through need analysis, research inputs and consultations with stakeholder's reinforcing the culture of excellence, champion or organizational change.

- Suggestions received from the Teachers' Council, the Non-Teaching Staff, the students individually or through the Students' Union, the guardians, the local people, the well-wishers of the college and ideas initiated by the head of the institution are widely discussed, streamlined and placed before the Governing Body. The Governing Body in an impartial and judicious manner considers the suggestions and adopts policy decisions in the best interest of the college.
- All adopted resolutions are implemented by the Principal with the help of the different committees and sub-committees consisting of teaching and non-teaching staff.
- All policies are reviewed after receiving feedback from the stakeholders.
- The institutional leadership has always been open minded and accommodative and pragmatic.

6.1.5 Give details of the academic leadership provided to the faculty by the top management

- ❖ The senior-most faculty of each department is the head/in-charge of the department. The heads of the department are entrusted with running the department in consultation with his/her colleagues.
 - ❖ Three whole-time teachers are elected to the Governing Body as Teachers' representatives
 - ❖ A senior faculty is nominated as the coordinator of the IQAC.
 - ❖ A senior faculty is nominated to act as Bursar.
 - ❖ One senior faculty is nominated to act as In-charge of college magazine, 'Uttaran'.
 - ❖ Two teachers are nominated to act as NSS coordinators of two NSS units.
 - ❖ One teacher is nominated as ANO, to look after the NCC unit of the college
-

6.1.6 How does the college groom leadership at various levels?

The college has a number of sub-committees to deal with the different aspects of its academic and administrative affairs namely admission, library, routine, examination, IQAC, development, finance, purchase, building, Grievance redressal cell, anti-ragging, prevention of sexual harassment to women, disciplinary, Magazine, culture and election commission, etc. These committees or sub-committees are formed either in the GB or in the teachers' council meeting chaired by its president (Principal). All these committees are formed to carry out curricular and co-curricular activities of the college. Teachers are encouraged to be parts of these committees so that leadership capability may be groomed in them from the acquisition of new experiences.

6.1.7 How does the college delegate authority and provide the operational autonomy to the departments/Units of the institution and work towards decentralized governance system?

- The college trusts the efficiency of the different departments and the units. Each department enjoys an amount of operational autonomy to carry out its duties and responsibilities. For instance, the college provides the master routine but a department has the freedom to distribute the syllabus and the classes among the teachers in the way it considers best. The departments prepare the list for purchasing of laboratory instruments and library books and the college makes the purchase.
- The college looks after the administrative matters and the departments look after the academic aspects.

These features indicate the fact that to some extent there exists a decentralized governance system in the College.

6.1.8 Does the college promote a culture of participatory management? If yes indicate the levels of participatory management.

- Yes, the college promotes the culture of participatory management.
- Principal acts as ex-officio secretary to the Governing Body.

- The Principal and the full time teachers are recommended by the West Bengal College Service Commission and appointed by the Governing Body.
- The Part Time teachers had been appointed by the college choosing them by a Selection Committee with a subject expert recommended by the University included in it. However the Govt. has made their service permanent and stopped recruiting new part time teachers with effect from 24th august 2010.
- Contractual teachers are appointed in the same process and their service also has been made permanent by an order of the Govt. issued on
- Applications for guest teachers are invited by the college through advertisements published in two state level daily newspapers.
- A selection committee headed by the Principal is formed by the GB comprising senior teachers of the college and one subject expert for each different subject recommended by the university.
- After interview the members of the board hand over the panel of selected candidates.
- The Principal appoints the Guest Teacher on the recommendation of the selection committee on a purely temporary basis.
- A vacancy for a non-teaching staff is published in newspapers inviting applications from suitable candidates. Names of candidates are also sought from the District Employment Exchange. In rare cases there may be an applicant carrying a direction form the court of law.
- A list of empanelled candidates is published after a written test and an interview.

6.2.5 How does the head of the institution ensure that adequate information (from feedback and personal contacts etc.) is available for the top management and the stakeholders, to review the activities of the institution?

- The college's website is regularly updated.
- The college's E-mail is regularly checked for communications received.
- UGC/Govt. orders, University circulars are regularly downloaded.
- The Principal regularly collects feedback
- The Principal submits all feedback of the stakeholders to the Governing Body for proper resolution.

6.2.6 How does the management encourage and support involvement of the staff in improving the effectiveness and efficacy of the institutional processes?

To improve the effectiveness and efficacy of the institutional process the management believes in collective responsibility and involvement of the staff.

- The structure Governing Body of the college is an example of this inclusive attitude.
 - The Principal is the ex-officio Secretary of the governing Body. Among the other members there are three teachers' representatives, two representative of the non-teaching staffs and the General Secretary of the Students' Union as the students' representative.

PRESIDENT

6.2.8 Does the affiliating University make a provision for according the status of autonomy to an affiliated institution? If yes, what are the efforts by the institution in obtaining autonomy.

The affiliating University does not have any provision for according the status of autonomy to an affiliated institution. So, the institution is not making any effort in this regard.

6.2.9 How does the institution ensure that grievances/complaints are promptly attended to and resolved effectively? Is there a mechanism to analyse the nature of grievances for promoting better stakeholder relationship?

- The Grievance Redressal cell attends to the complaints from all the stakeholders. Students use complaint box to drop their written complaints. After collecting them, the cell scrutinizes those and acts accordingly.
- Guardians can make any suggestion when they are called for by the Principal.

6.2.10 During the last four years, had there been any instance of court cases filed by and against the institute? Provide details on the issues and decisions of the courts on these?

No.

6.2.11 Does the institution have a mechanism for analyzing student feedback on institutional performance? If yes, what was the outcome and response of the institution to such an effort?

Student feedback on institutional performance is received from the outgoing students. The Principal with the help of the teaching and non-teaching employees analyses the feedback. As a positive response to the feedback received the service provided in the library, canteen, drinking water supply, toilet set have been improved.

6.3 Faculty empowerment strategies:

6.3.1 What are the efforts made by the institution to enhance the professional development of its teaching and non-teaching staff?

- Teaching faculties are encouraged to attend Orientation Programme and Refresher Course, State, National and International level seminars, workshops and conferences.
- Most of the non-teaching staff are made well-informed in computer usage.

6.3.2 What are the strategies adopted by the institution for faculty employments through training, retraining and motivating the employees for the role and responsibilities they perform?

- The full-time teachers participate in orientation programmes and refresher courses at the Academic Staff Colleges. Through these courses teachers become acquainted with recent developments and the current trends and issues in their own disciplines.
 - Most of the faculties participate and present papers in state/National/International level seminars and upgrade themselves.
 - Almost all the teachers of the college participate in the academic and administrative affairs of their college and thus they gain experience and expertise. The authority as well as the senior teachers are always at hand to guide and encourage the younger teachers.
-

- Apart from the encouragement of the authority the satisfaction of completing a job well done is good enough motivation for the teachers.

6.3.3 Provide details on the performance appraisal system of the staff to evaluate and ensure that information on multiple activities is appropriately captured and considered for better appraisal.

- The third year students before they are sent for the final examination submit a feedback on the performance of the teachers specifically and also of the strengths and weaknesses of the institution. An analysis by the authority, of the feedback received, helps the concerned faculty to overcome his shortcomings if any.
- Self-appraisal for staff is not done.

6.3.4 What is the outcome of the review of the performance appraisal reports by the management and the major decisions taken?

Faculties' performance reports are made by the Principal during the time of promotion and are submitted to the screening committee for evaluation. Every teacher has been made aware of the result of the feedback individually so that he/she may eradicate his/her drawbacks in future.

6.3.5 What are the welfare schemes available for teaching and non-teaching staff? What percentage of staff have availed the benefit of such schemes in last four years?

- The college has a registered cooperative society which provides short-term and mid-term loans to permanent teaching and non-teaching staff. For the last twenty years the society has successfully stood by the side of its members at the hour of their need. Almost 100% of the eligible employees of the college are members of the cooperative society.
 - Puja Bonus for non-teaching staff is issued by the college as advance before receiving the amount from the DPI.
-

6.3.6 What are the measures taken by the institution for attracting and retaining eminent faculty?

This does not fall under the purview of the college because all the faculties are recommended by the College Service Commission on posts sanctioned by the Government of West Bengal. New teachers are appointed by the Commission on the basis of counselling from the merit panel, the college does not have any say there. When someone wants to leave securing a preferred opportunity the college cannot force him or her to stay back by offering better incentives. The reputation earned by the college over the last quarter of a century is the criterion for attracting and retaining any faculty.

6.4 Financial Management and Resource Mobilization

6.4.1 What is the institutional mechanism to monitor effective and efficient use of available financial resources?

The Principal, with the assistance of Accountant, Bursar, Finance Committee and Building sub Committee makes the annual budget to monitor effective and efficient use of available financial resources

6.4.2 What are the institutional mechanisms for internal and external audit? When the last audit done and what was the major audit objectives? Provide details on compliance.

The college is subjected to external audit only. The Higher Education Department of the Government of West Bengal has a panel of auditors from which an auditor comes to college to conduct external audit. The last audit was done on 30th July 2015 for the financial year 2013-14. No objections were made on the 2013-14 audit.

6.4.3 What are the major sources of institutional receipts/funding and how is the deficit managed? Provide audited income and expenditure statement of academic and administration activities fund? Corpus available with institutions if any.

Major sources of receipts:

- a. UGC grants-in-aid
- b. State Govt. grants –in-aid
- c. Tuition fees collected from the students
- d. Donations

Audited income/expenditure statement of four years are given below in table format.

Audited income and expenditure statement of previous four years

Audit years	Heads			
	Academic activities		Administrative activities	
	Income	Expenditure	Income	Expenditure
2010-2011	2328850	1808370	13365301	13371694
2011-2012	1996880	698864	19725846	20155479
2012-2013	1525230	169006	18843442	19484080
2013-2014	1217875	1099488	19138499	19211355

6.4.4 Give details on the efforts made by the institution in securing additional funding and the utilization of the same (it any).

- The College applies for additional UGC and State Govt. grants which is item specific and is issued only when the UC for the earlier grant is submitted.
- The college also applies for MP LAD & MLA LAD. But no assistance has been received from these sources for the last ten years.

6.5 Internal Quality Assurance System (IQAS)

6.5.1 Internal Quality Assurance Cell (IQAC)

- a. **Has the institution established an Internal Quality Assurance Cell (IQAC)? If yes, what is the institutional policy with regard to quality assurance and how has it contributed in institutionalizing the quality assurance processes?**

Yes, our college has formed its IQAC in the year 2012 after the college was assessed and accredited by NAAC. The following Quality policies are taken by the IQAC:

- Promotion of NSS/NCC activities
 - Promotion of social awareness among students
 - Emphasis on faculty development
 - Reorientation of the Library
 - Stress on research work
 - Encouraging teachers to be involved in more research.
 - Steps to be taken for filling up the sanctioned posts.
 - Computer education to be strengthened.
 - Faculty members to be exposed to modern teaching-learning process.
 - Feedback system be rationalized.
 - Career guidance and placement cell be established.
 - Internet facilities be extended to all concerned in phases.
 - Hostel facilities, connectivity and communication facilities to be provided to the students.
 - Earn and learn scheme may be started for students.
 - Regular class attendance by the students.
 - Regular holding of class-tests
 - Meeting with the parents/guardians.
 - Flexible attitude of the college authority in providing opportunities to the faculties in participating of Orientation/Refresher Courses, seminars, workshops and conferences.
-

- Motivating teachers in undertaking Minor/Major Research projects, supervising Ph.D scholars.
- In-campus discipline to be maintained.

b. **How many decisions of the IQAC have been approved by the management/authorities for implementation and how many of them were actually implemented?**

The 6 proposals submitted by the IQAC are approved by the Governing Body

c. **Does the IQAC have external members on its committee? If so, mention any significant contribution made by them?**

The IQAC has two external members named ShriAlokGhosh and ShriMadan Mohan Khan

d. **How do students and alumni contribute to the effective functioning of the IQAC?**

We are not still in a position to accommodate students and Alumni into the folds of IQAC.

e. **How does the IQAC communicate and engage staff from different constitutions of the institutions?**

Few senior faculties from different departments are accommodated to the IQAC.

6.5.2 Does the institution have an integrated framework for Quality assurance of the academic and administration activities? If yes, give details on its operationalisation.

- ❖ A well-knit relationship is developed between the academic and administrative activities through a very healthy relationship between the faculties and the non-teaching staff.
-

- ❖ Whenever the principal meets the faculties and non-teaching staff, he always upholds the quality part of the administration. He never compromises with the quality.

6.5.3 Does the institution provide training to its staff for effective implementation of quality assurance procedures? If yes, how are the outcomes used to improve the institutional activities?

Steps have been taken to train staffs of the college on Computer with the help of Lalani Infotech, Durgapur. As a result of this the college has been able to computerize its office completely and the performance of the office has also been improved.

6.5.4 Does the institution undertake Academic Audit or other external review of the academic provisions? If yes, how are the outcomes used to improve the institutional activities?

- Day-to-day academic activities are reviewed by the Academic sub-committee headed by the Principal.
- Teachers' council also reviews the academic performance of the students
- The Governing Body takes cognizance of the academic activities
- External review is made by the representatives of the University and the DPI of the performance of the teachers when they apply for career advancement.

The Principal is entrusted by the Governing Body to act according to the outcomes of the reviews

6.5.5 How are the internal quality assurance mechanisms align with the requirements of the relevant external quality assurance agencies/regulatory authorities?

The Quality assurance policies made by the IQAC are in alignment with the aspirations and standard of the parent university which is reflected in final examination result. The number of first class holders in different

Honours subjects has been increasing at par with the University examination result.

6.5.6 What institutional mechanisms are in place to continuously review the teaching-learning process? Give details of its structure, method logics of operations and outcome?

- ❖ The strengths and weaknesses of the teaching-learning process are first identified by the Teachers' Council.
- ❖ It is time to time reviewed by the Governing Body.

6.5.7 How does the institution communicate its quality assurance policies, mechanisms and outcomes to the various internal and external stakeholders?

- ❖ The IQAC in its meetings inculcate the spirit of institutional policies among the members. Senior members of the IQAC then spread those policies among other colleagues as well as students.
 - ❖ The institution communicates its policies and outcomes to the external stakeholders using the platform of the Governing Body wherein there are three University representatives and the IQAC wherein two local persons are nominated as the members.
 - ❖ The college also communicates its policies and outcomes to the student community as a whole through the students' representative (General Secretary) in the Governing Body.
 - ❖ The college website carries updated information about the programmes, courses and events of the college.

CRITERION-VII

CRITERION VII :INNOVATIONS AND BEST PRACTICES

7.1 Environment and consciousness

7.1.1 Does the Institute conduct a green audit of its campus and facilities?

The Institute has a sprawling green campus with a variety of trees including sandalwood and cashew nut. It is a safe haven for a variety of birds. The proposal for growing a garden of medicinal plants is under serious consideration. There is a small garden of seasonal flowers adjacent to the college building.

7.1.2 What are the initiatives taken by the Institute to make the campus eco-friendly?

Energy conservation –

- Students and staff are made conscious about energy crisis through different seminars and class room lectures and also lectures delivered in different occasions. The students are encouraged to put in use little practices like switching off fans and light or closing the tap when not required by themselves, not waiting for non-teaching staff to come and do the same.
- New trees are being planted in the campus for a long time and the effort of all these years has given the campus a green look.
- The NSS leads by example to make it a clean and green campus,
- The use of polythene is discouraged. The College campus has been declared a polythene free zone.
- Students are encouraged to use eco-friendly modes of transport, like bicycles and e-rickshaw.
- The college maintains its own water body.

Use of renewable energy : Not much headway has been made in this field.

Rain water Harvesting : Not yet started

Check-Dam construction : Not required

Efforts for carbon Neutrality : Trying our best to create awareness about it.

Plantation –

- New trees are being planted in the campus for a long time and the effort of all these years has given the campus a green look.
 - Now, the college proudly declares to have a green campus of 7.55 acres.
-

- The NSS units of the college also participate in the tree plantation programme.

Hazardous waste management :

Our college does not produce any hazardous waste

- Poly packs are collected and handed over to waste-lifters.
- E-wastes are collected and handed over to e-garbage-lifters.

7.2 Innovations:

7.2.1 Give details of innovations introduced during the last four years which have created a positive impact on the functioning of the college.

Important innovations of the college are listed below :

- Thin client with 10 nodes has been installed in the computer lab.
 - Internet lab has been set up for the use of the faculty and students.
 - Glass-boards have been installed in the class rooms.
 - Smart boards have been installed in Computer Science and Geography labs.
 - Computer labs have been initiated for Commerce and Mathematics.
 - A weather station has been established at the initiative of the Geography department.
 - A seminar library on a very small scale has been established.
 - Aqua guard facility has been installed.
 - New class rooms have been added for science stream and physical education.
 - A gym has been set up for Physical Education.
 - A 40 KV silent diesel generator and another 5KV silent generator sets have been installed to ensure 24 hour uninterrupted power supply.
 - The campus has been brought under CCTV surveillance.
 - The teachers' staff room have been provided with a number of desk top computers with printers.
 - Xerox machines have been installed.
 - COSA server has been installed.
 - College office has been computerized.
 - Library has been computerized.
 - Internet connections have been added to the office, library and AV room.
 - AC machine has been installed in the server room.
-

- A furnished ladies' rest cum guest room has been built with an LCD TV installed in it.
- The college is registered under the N-LIST programme.
- An atmosphere of shared responsibility is maintained by the creation of various committees and sub-committees comprising teaching and non-teaching staffs of the college.

7.3 Best practices

7.3.1 Elaborate on any two best practices as per the annexed format which have contributed to the achievement of the institutional objectives and/or contributed to the Quality improvement of the core activities of the college.

The following are two of the practices in our college :

- a. Title of the Practice : **“Lahari” (Annual Cultural Festival)**
 - i. **Goal** – It encourages the generation of students' creativity and helps them in turn to contribute to the nation in their future life. It also helps them to take a break from their apparently monotonous routine life.
 - ii. **Aim** – To strengthen the mental health and leadership capability among the students.
 - iii. **Objectives** –
 - a. To offer the students a break in the day to day routine and mechanical life.
 - b. To give them opportunities to take part in extra-curricular activities like different musical and other programmes.
 - c. To give them a sense of autonomy in choosing themes for departmental exhibition stall.
 - d. To motivate them to manage their own affairs
 - e. To inject a sense of competition that will take them towards perfection.
 - f. To instill a sense of accountability
 - g. To create a healthy relationship with the neighbourhood.
 - h. To propagate college's larger ideal of national integration, communal harmony and tolerance.

- iv. **The context** : In tune with national goal of 'Unity in diversity', the Annual Cultural Festival of the college creates fellow-feeling, friendship and a sense of harmony among the students which will help them to preserve national integration in later life. Different streams of thought get together to reflect the whole college and the nation as well.
- v. **Practice**: The college' 'social' links the students to the state and national main stream by upholding the national values and culture.
- vi. **Evidence of success** :The Annual Cultural Festival or the "social" is attended by all the students of the college and also a great number of people from adjoining areas. They appreciate the performance of the college students on the first day of the programme. On the second day they are treated by the invited artists of repute. The appreciation and satisfaction of the students underline the success of the programme.

B. Title of the Practice :**COMMUNITY DEVELOPMENT**

- i. **Goal** : The two NSS units of the college organize special camps in order to cultivate the culture of thinking beyond the self and serving others.

It should be noted here that the college is situated in a rural area inhabited by a large quantity of people belonging to SC, ST, OBC-A and OBC-B categories. These people are deprived of education, they are economically under-privileged, and suffer from a plethora of problems resulting out of ignorance and superstition. The activities of the NSS units become very significant in this context.

- ii. **Aim** – To make the students conscious of their responsibility as members of the society and develop a sense of commitment towards humanity at large. As responsible and fortunate members of the society they are to make the less fortunate members aware of basic principles of health and hygiene.

iii. **Objectives**

- To conduct social awareness programmes.
 - To conduct educational awareness programmes like education for all, to propagate the need for women education, to bring the dropped out children back to schools.
-

- To conduct health awareness programmes—to teach the need for cleanliness for the self and the surrounding, the need for toilets, the need for safe drinking water and the necessity of proper utilization of water resources preventing waste of water, to be conscious of the evil of polythene and so on.
 - To make the people conscious of the Govt. health programmes and schemes like pulse polio and other vaccination programmes, to organize health check up camps, spread awareness about fatal diseases like AIDS.
 - Awareness to get rid of superstition, to seek medical help in the case of cases like snake bites and others, to stop the inhuman practice of witch hunting.
 - To help the community save the larger community from the hazards of global warming by helping them save trees.
 - To make the people aware of the need to abolish the practice of child labour
 - To organize voluntary blood donation camp to contribute to the Govt. blood bank.
- iv. **The context** : The community has so many problems to solve related to health, hygiene, neo-natal, mother, old-aged, differently abled people – to name a few. The NSS units of the college through their regular and special camps try to assist these distressed people as best as they can
- v. **Practice** : Through these extension activities, the college establishes a link with the community, a very important stakeholder, and can make a very humble attempt to repay its great debt to the society .
- vi. **Evidence of success** :The eagerness and enthusiasm with which the NSS volunteers participate in these programmes over the years and the response they receive from the society can be cited as the greatest evidences of success of this practice.

- Weakness:** 1. Lack of fulltime teacher 2. More books are needed in the same subject in library
- Opportunity:** Students are made further ready, so that they can get a chance to go for higher education in some high class institution
- Challenges:** 1. Many students give up their education at midway due to their economic condition and eventually get involve into non formal low salary based occupations. 2. A lion share part of students in this department have come from such families where their parents are illiterate. With this difficulty they can't avail a good academic environment at their home.
- Future Plans:** Having an aim to achieve a satisfactory result with 100% success rate.

Strength: Dedicated Faculty, Well furnished library, Regular attendance of the students.

Weakness: Poor no. of students has been admitted to the Honours course.

Opportunity: New areas have been opened before the students especially in the area of public administration.

Challenges: Most of the students we have are first generation learner and comes from a very poor socio-economic background and there comes the real challenge to teach them Political Science.

Future Plans: The Department has a plan to teach its students with more and more audio visual aids in near future. There is also plan to publish a departmental magazine at least once a year. There is also a plan to organize more and more state level seminars on issues having significant social relevance.

Students are associated with the NSS wings of the college. They are doing different activities like blood donation camp, cleaning of Hospital Premises, college, parts of village and are engaged in different social awareness programmes like AIDS, Polio etc. round the year.

34. SWOC analysis of the department and future plan:

Strength: Dedicated Faculty.

Weakness: Lesser no. of filled teaching post.

Opportunity: A Sanskrit script also has electronics key board, through which one can easily access e-library and can perform good research work. After Graduation students can go for further higher Studies at home and abroad.

Challenges: Most of the students we have are first generation learner and comes from a very poor socio-economic background and there comes the real challenge to teach them. An attempt of worldwide exploration, universalization and publicity of Sanskrit language.

Future Plans: Our future plan is to make a separate department. Creation of adequate number of full time teaching posts.

34. SWOT analysis of the department and future plan:
Strength:1. Dedicated Faculty having good teacher-student relationship.
Weakness: 1. Lack of fulltime teacher 2. More books are needed in the same subject in library
Opportunity: Students are made further ready, so that they can get a chance to go for higher education in some high class institution
Challenges: 1. Many students give up their education at midway due to their economic condition and eventually get involve into non formal low salary based occupations. 2. A lion share part of students in this department have come from such families where their parents are illiterate. With this difficulty they can't avail a good academic environment at their home.
Future Plans: Having an aim to achieve a satisfactory result in Honours course.
